Dr J. Collis Browne's Chlorodyne (Ex Army Medical Staff)

IS THE ORIGINAL AND ONLY GENUINE. CAUTION-Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's—See Times, July 12th 1864.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates health action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it all hours and times when requisite. From Symes & Co., Pharmaceutical Chemist, Medical Hall, Simla, Jan-From Symes & Co., Pharmaceutical Chemist, Medical Hall, Simla, Jan5th 1880. To J. T. Davernport, Esq., 22, Great Russell Street, Bloomsbury,
London—"Dear Sir, we embrace this opportunity of congralulating you upon the
wide-spread reputation this justly-esteemed medicine, DR COLLIS BROWNE'S
GHLORODYNE has earned for itself, not only in Hindostan, but all over the East.
As a remedy of general utility, we much question whether a better is imported
into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to
the native bazaars, and, judging from their sale, we fancy their sojourn there
will be but evanescent. We could multiply instances ad infinitum of the extraordinary efficacy of DR. COLLIS RROWNE'S CHIORODYNE in Diarrhoea, and Dysendinary efficacy of DR. COLLIS BROWNE S CHLORODYNE in Diarrhoea, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all classes."

Cod Liver Oil, 5 and IO gallons Prepared by LALMAN & KEMP,

An infallible remedy for the cure of all diseases of The Throat, Chest and Lungs. Used perseveringly together with the

ANACAHUITA PECTORAL, it has effected surprising cures in many desperate cases of Consumption and other Lung Diseases.

IN ALL LUNG AND THROAT DISEAorgans are debilitated and weakened, and an nvigorating tonic is a necessity before a cure can be effected. In the Pectoral of Anacahuita there is concentrated a wonderful amount of invigorating power, which, being diffusive in its nature, is carried by the blood and finids into direct contact with the affected parts, toning and strenghthening them and the flaccid membranes to such a degree as to enable them to throw off the diseased condition and reassume their natural functions. By using one spoonful of Lanman & Kemp's Pure Cod Liver Oil, mixed with two of the Pectoral of Anacahuita, the time required to effect a cure will be considerably shortened.

a delicious rainfall which revived the okers after the exhausting business of the ring. The gold market sympathised with the barometer and kept falling. Gold opened for cash at 144 and closed at 143.70. Total cash sales 148,660. For Saturday 110,000 sold, opening at 144, rising to 144.20, and then tumbling to 143,50, at which it closed. For the end of the month a very large business 144. Prices opened and closed for the end of the month at the same rate 143.50, having risen to 144 and dropped to 143.20, which were the extreme rates of the day up to the closing 1,500 @ s of the ring. Total sales for the end of the month 1,105,000, which shews the progress of the month's liquidation to conclude on Monday. For the end of the year 615,000 sold, opening at 142, rising to 142.60, and closing at 142.20. The total sales for the day nearly reached two millions, which is a figure

so largely in excess of average business requirements that one can see the great pressure Cedulas were rather firmer, only Series G sold at $83\frac{1}{4}-\frac{1}{2}$. At the close of the ring Mr Templeton called a judicial auction of the late Mr Terence Moore's stocks, which sold as follows:— 83 Arg. This closed the auctioneer's chapter, and it is worthy of remark that so large a capitalist as the late Mr Moore should hold so very few Matadero, 25 stocks. The melancholy news of the suicide of Mr. Cavalli a well known and much respected Calle Chacabuco merchant, President of the Calle Chacabuce merchant, Fresident of the Directors of Commercial Bank, threw a cloud over the whole Bolsa, and everyone spoke of the sade event and the unusual number of suicides at present occurring. Yesterday a young man in the bloom of life, Mr Benitez, blew his brains out in the lettle Santa Catalina Chopel, Calle Brazil. Last week Mr Belaustegui, also a very young man, committed suicide, and Mr Cavalli increases the list. He committed the rash act at his quinta in Moron. The gloom on the Bolsa, caused by the news of Mr. Cavalli's death, was intensified by the telegram from Montevideo announcing the death of Ex-President Avellaneda, one day before sighting Flores Island. He was so long in declining health that his demise, although a subject of deep regret to us all, was not a suprise to any.
