BATTLE OF TINOGASTA DRATH OF COLONEL CORDOVA.

At noon on the 4th inst. the town of Tinogasta, occupied by Colonel Cordova's division, was attacked by a body of the rebels 1,000 strong. So sudden was the onslaught that the garrison made no defence, an unpardonable lassitude appears to have reigned throughout the ranks, no ontpost had been placed to give the alarm or guard against attack, and scarcely was the alarm given when hunter that falls into their hands! the enemy were upon them, driving them back at every point with great slaughter. The attack was irrisistible, several of the palisades were forced and the defenders killed A general panic ensued, all made for the nearest egress or hid themselves in the adjoining houses. Colonel Cordova behaved with the most becoming bravery and taking up his position in front of his men endeavored to restore their confidence by his heroic conduct. At first his efforts were successful and many of the foremost assailers fell before the steady fire of his men; in fact had he escaped it is probable the enemy would have recoiled with loss; but as it was both he and his brave aide-de camp were picked down by the rebel bullets time resided in an old farm-house, and the day was lost.

On our part we have to regret Lieutenant Lopez and Comundante Soria with forty file killed, and assistant Surgeon Sor. Languer Major Barcala, and several others wounded.

The enemy have suffered but slightly, their total loss being only 6 killed including one Lieut. Col. Demetrio Lopez and few wounded.

The results of the day have unfortu nately been very serious to the Na tional cause, and nothing but the most wanton negligence could possibly have garrison was more than a match for Lamas y Hunt, carried off two flat their assailants, and with a little care races, with his horses Imparcial and the place might have been made tenable against twice the force. The Proveedor arrived yesterday from Corrientes and the Guarani came in on Tuesday afternoon; there is nothing particularly fresh from there. The United States gunboat Wasp with despatches &c. had arrived up, and when the Marques Caxias sent a guard with a white flag to the Paraguayan trenches, Lopez detained them some 21 hours before he would give any answer. We may remark that the real object of Mr. Washbourne's visit to Caxias was to receive those despatches, which he was led to believe had already arrived. Among those medicinal agents we may name PODOPHYLLIN, which has been proved to possess a most wonderful power over the Liver, and all the hillious secretions. This in combination with LEPTANDRIN and other highly valuable vegetable extracts and drugs, constitutes a purgative Pill that is greatly superior to any medicine tive Pill that is greatly superior of the kind heretofore offered to the public. Bristol's Vegetable Sugar-coated Pills will be found a safe and speedy remepy in all such cases as

Piles, Headache, Jaundice, Bad Breath, Foul Stomach, Loss of Appetite,
Liver Complaint, Habitual Costiveness,
Dyspepsia or Indigestics, Heartburn and Flatulency, Dropey of Limbs or Bedy, Female Irregulaties, And all diseases of the

Liver, Bowels and Kidneys. In diseases which have their origin in the blood, Bristol's Sarsaparilla—that best of blood purifiers—should be used with the Pills; the two medicines being prepared expressly to act in harmony together. When this is done faithfully, we have no hesitation in saying that great relief, and in most cases a cure, can be guaranteed when the patient is not already beyond human help.
