DEFEAT OF THE TURKS IN CANDIA. BENTENCES ON THE PENIANS COMMUTED BELBASE OF JEFFERSON DAVIS.

26th ult. The London Conference has agreed to destroy only the principal fortifica tions of Luxemburg, as the complete dismantling of the place would cost over 30 million francs. Lord Stanley declared in the House of Commons that England and the other powers which signed the treaty of 1839 have guaranteed the Duchy of Luxemburg to the King of Holland. The British Government is doing its best to bring about a general disarming throughout Europe, for the better security of peace. Lord Lifford presented in the House of Peers a petition from the citizens of Dublin, praying that the lives of the Fenian prisoners might be spared. Lord Abercorn, the Viceroy of Ireland, declared that the law must have its course; but the Queen most graciously received the petition and commuted the sentence on Burke; the prisoners of less note will probably meet with the same clemency. The Reform League held another great meeting, and Mr Beales congratulated his friends on their victory over Mr. Walpole: the meeting resolved to petition Government to spare the Fenian leaders under seatence of death, and passed a vote of censure on Mr. Roebuck for his conduct in Parliament. An official announcement has been made at St Petersburg of the marriage of the King of Greece to a daughter of the Grand-Duke Constantine. King George is gazetted Colonel of the 1st reg. of Russian infantry. Russia has refused the petition of the Circassian refugees in Turkey, who orayed permission to return to the Caucasus.

The Turks have sustained great everses in Candia. Omar Pasha, on aking command, issued a proclamation, to the Christians of the island to lay down their arms and avoid the horfors of war, adding that he was resolved to put down the rebellion at any cost. A dreadful battle ensued at Polyetes, lasting three days: the Christians routed Omar Pasha, who left 3,000 of his men dead on the field The war is carried on with the utmost barbarity, Omar Pasha having burnt 17 villages and all the crops. The Arcadion arrived at Athens with 700 women and invalids from Candia. In Constantinople they have not yet lost hope of re-conquering Candia, but the Sultan's physician has been despatched to Paris on a secret mission suposed to be of great importance. A revolution has again broken out in Thessaly.

In Spain the Government has resolved on some retrenchments in expenditure. The legations at Berne and Munich have been suppressed, and those of Constantinople, Rio Janeyro, Montevideo, Buenos Ayres &c. reduced in category. A great drought prevails in the provinces, and many of the crops are lost. The new docks at Carthagena are to be shortly inaugurated; and a line of steamers will be started from Barcelona to Sivite Vecchia. On May 20th, a group of 110 refugees returning from France San Sebastian, on their passing through that town, turned out to receive them. It is a sure and speedy relief. With the very slits of fashion it has for 25 years maintained its ascendancy over all other perturns throughout the West Indies, Cuba, Mexico, and Central and South America, and we confidently recommend it as an article which, for soft delicacy of flavor, richness of bonquet, and permanency, has no equal. It will also remove from the skin BOUGHNESS, BLOTCHÉS, SUN BURN, PIMPLES,
