And yet that proposal was ushered to the public notice under the most favorable auspices; and we had at one time thought that by earnest perseverance and good-will a way might have been found to overcome any practical difficulties that arose in carryng it out.

We have alluded to this proposal because the disinterested interference of men like Mr. Santa Maria and Mr. Drabble were a 'prima facie' guarantee of the bona fide nature of the proposal, as well as one of its strongest recommendations. But, for our part, we shall hail the adoption of any other that will ensure to us possession of cleanliness and abundance of good and

Who is there that does not desire to be always exempted from Indigestion—to have a Good Appetite, a Painless Stomach, a Clear Head, a Regular Pulso, a Healthy Complexion? If this meets the eye of any who are not thus blessed, let them try

BAGLEY'S HEEPERIDINA.

This delightful Tonic will restore the weakened stomach to a healthy condition; it will bring stomach to a healthy condition; it will oring back the truant appetite, and give permanent vigor to the whole system. The feeble and ema-ciated; suffering from Dyspepsia or Indigestion in any form, are advised, for the sake of their own bodily and mental health and comfort, to try it. Ladies of the most delicate constitution testify to its restorative properties. Physicians, dis-gusted with the adulterated liquors of commerce, describe it as the SAFEST AND MOST RELIABLE

SAFEST AND MOST RELIABLE of all stomachics. It does not require weeks of dosing before its virtues are realised. Thousands sit down to meals void of appetite, eating because others set. The food thus forced into the stomach does positive harm; instead of strengthening the system it ongenders a variety of aliments, which end in confirmed dyspepsia. If you want to prevent all this take Bagley's Hesperidina regularly before meals.
