It being an admitted fact, that "Money makes money," the object of LA BIENHEUHORA could not be better, since it opens a vast Savings Bank for the surplus or savings of the Pablic, so that, by the proper employment of these small gains, a moderate capital, or oven annuity, may be secured in a short time. By this means a provident, though helpless, family can husband their small means, and, in the end, attain a compotency.

potency.

It being proved that the accumulation of interest is the most powerful means of augmenting the capital, THE BIENHECHORA DEL PLATA—an Argentine Company, whose only investments are in the country—holds out to Subscribors greater advantages than any other Institution, by reason of all its dealings being in the River Plate, where are current as large interests as in any part of the world.

The President of the Republic had ing, but Sr. Sarmiento declined making use of it, and proceeded on foot, kept increasing at every step, and preceded by the band, playing lively Carrié, nearly in front of the Standard. FERRO where he has taken up his abode.

On arriving at the street-door of Sr. Carrié's house, at 9.20, he addressed the assembled multitude, straw-hat in hand. After thanking his friends for the touching demonstration of which he had been the object, he expressed his delight at finding himself once more among his fellow-countrymen, spoke of the good feeling that had been shown to him in the U. States, as the Representative of the Argentine Republic, and made some feeling allusion to the great distinction conferred upon him by the choice of his fellow-countrymen, and concluded his short allocution amidst the most tremendous cheering.

When Sr. Sarmiento turned to enter the house, the eager crowd followed by shouting that the stairs were giving aground; then pushed off for a lighter, up is the sweet little town of Higueriway, which caused no small confusion, several people being more or less burt inner roads; we raised our voices improved, a nice mole is now finished, Deum or benediction at the Cathedral- of the Bank yesterday. The neighbourhood of the Standard was, during the whole day, the scene of great excitement, owing to the number of visitors that went to pay their respects to the President Elect, and the string of carriages at the door of Sr. Carrié's house seriously interfered with the traffic of the street.

The betting was very heavy, the Ca- mium. cique being the favorite: odds of two to 1 being freely offered on him against the field. Cocksparrow was second favorite. However, the inclination of the 'knowing 'uns' were bent on Cacique, on account of his superiority in speed, being a mestizo. On starting the Cacique jumped off

with the lead, but, failing to rise at his first jump, came to grief, falling heavily and throwing his rider. Feagh an Bealach, ridden by Mr. Barron, here took up the running, but at the double ditch was passed by Mr. Stephenson on Cocksparrow, and Mr. Jackson on Wormwood. The former here led to the finish; but Mr. Worswick, on Satan, took second place on clearing the last hurdle, Mr. Walker on Shortsman, and Mr. Jackson on Norwood, making a tie for place.

The horses jumped excellently, and were well ridden. Mr. Dick, after failing, mounted his horse for the second time, and came at a tremendous pace over the course, but his efforts to recover were unavailing.

The horses arrived as follows:-Cocksparrow.... Mr. Stephenson Satan Mr. Worswick Sportsman Mr. Walker Norwood Mr. Jackson Flat Race. Twelve Squares.

Unfortunately, a heavy fall of rain prevented this race taking place: however, there was some betting, but Firefly was evidently the favourite. Mr. Dick's El Indio took the start, which he retained for a short distance. but, on coming to the heavy ground was passed by Mr. J. Moore on Firefly who retained his position to the finish. The result stood thus-

This race finished the sports of the 13th, but challenge races. &c., were kept up on the 14th, 15th and 16th. It would be forgetful in the extreme not to return thanks to Mr. Douthat for his praiseworthy exertions in for warding these national sports of our old country, and also for his bospita lity in each day regaling a large number of guests with a most recherche luncheon. Mr. Dick's house was the call of all the sporting gentlemen, and the dinners and breakfasts, carried through with songs, toasts, &c., recalled vividly to mind the hunting recollections of home: in fact, each undertaking of the committee, and the gentlemen surrounding who so kindly success; and we all wish and look forward to next year, when we expect to our home steeplechases. THE LATE DEBATING SOCIETY. Buenos Ayres, Aug. 29.

To the Editors of the Standard. To the Editors of the Standard.

Gentlemen,
I had thought the Debating Sofiety
was dead, and finally buried; in fact,
as we were informed by 'A Member,'
the jury actually sat on the body, and
returned a verdict of died of inaution.
It is idle to discuss the soundness of
this verdict, although there are a few

By to draw the attention of the Public generally to the Class of Goods (in this especial class SHEEP SHEARS), which bear their mark, so long known in England as holding the highest position.

Knowing fully the necessity of supplying the Market with an Article which, in respect of quality, should be greatly superior to anything which the Consumer has yet met with, WARD and PAYNE have this year supplied for the various orders committed to their care Sheep Shears, which they confidently recommend as being of the finest quality, and which, once in the hands of the Consumer, will fully boar out all that is said in their favour.

WARD and PAYNE have pleasure in fefering to the undermeationed Testimonials,—so-iccted from many that have been gratuitously forwarded to them,—originals of which lie at our Office for the inspection of Principals:—

[Copy of L. tter received from New Zealand.] Las Hermanas....

[Copy of L. tter received from New Zealand.] Christchurch, April 1, 1868. Messrs. Ward and Payne.

SHEFFIELD, ENGLAND,

Gentlemen, Yours of the let of February came duly to hand. I am pleased to hear that your Shears are giving such satisfaction in the Australian Colonics. I also am perfectly satisfied with my last year's results, and can endorse the reports; but unfortunately I have had a good deal

of uphill work with your She irs.

The prejudice is now, however, overcome, and should you continue the quality as last year, I shall be able to dispose of a birge quantity.

Please ship me at once a further quantity, in addition to orders on hand: particulars as at foot. Meantime, I am, yours respectfully,

[Extract from Letter received from a Merchant Trading with South America.] November 30, 1867. Messrs. Ward and Payne.

Dear Sirs,

We are glad to say your Shears have now got into the Consumers' hands, and if they turn out well, as we have no doubt they will, your Make will take a lead in the country, which will be one of the largest sheep countries in the world, it not the

it not the largest.

Before the writer left Buenos Ayres, he had an interview with one of the largest breeders of sheep in the country, and prevailed upon him to take a tew dozen of your Shears. He now describes them as being better than (here W. and P., out of courtesy to other manufacturers, leave out the name reteried to in the letter), whose Shears he sed or upwards of 20 years.

Looking at this fact and others we have in our possession, we me sure that, if you only take care to keep up the quality and linish to your present standard, there is a bright future before you for your Shears in the River Plate.

We are, Dear Sirs,

Yours truly,

[Extract from Letter from a Melbourne Mercantile London, E.C., 17th January, 1868. Mesers. Ward and Payne, Sheffield.

last. It may interest you to know that the Shears and Tools had from you last year have given our friends entire satisfaction. The best proof that the quality, style, and finish of your Shears have been approved of by our friends is the quantity now ordered, which is 1,000 per cent. in excess of last year's specification. The only drawback we experienced in sup-

plying your Shears to our numerous Customers all over the Colony was their desire to return Shears of another brand previously supplied, and to get yours instead.

We have no doubt your efforts will be directed

to maintaining the quality. We are, Dear Sirs, Yours truly,

[Extract from Letter received from a Merchant Trading with New South Wales.] London, January 23, 1888. Messrs. Ward and Payne. Dear Sirs,
It affords me very great pleasure to

inform you that we have very good reports of your Shears, and I give you extracts from letters that have been sent to me by the present mail: they are from large Sheepfarmers and men who have apparently had the reports from the Shearers:"Extract from Letter from S. A. Craik, Esq..

Inspector of Stock and Stations of the Austra lian Agricultural Company. " I have at present over thirty shearers at work

under me, who agree to a man that Messrs Ward and Payne's Shears are the best shaped and finest tempered they ever used. They say they would rather take one pair of Shears by the above makers than a dozen pairs of the wellknown Double Crown Shears. Crown Shears may have been good once, but they are not so now, either in shape or temper, as a general rule. Please inform me how many pairs of Shears you have left (without springs) of the same description as those you have already sent me, as, if the quantity does not exceed 120 pairs, I might be inclined to purchase them for next year. Will you be inclined to take back the few pairs of Double Crown Shears you sent me, as after trying Ward and Payne's Shears the shearers will not look at any other? You are at perfect liberty to make any use you like of this letter, as I do not write it for the purpose of putting your Shears, but with the view of benefiting the squatting community, in recommending an article which hitherto I never succeeded in procuring good, and I believe most of my squatting friends will say the same. Your present lot of Ward and Co.'s Shears are undoubtedly a great success.".
"Extract from Letter from Francis White, Esq.,

Of Belltrees.
"I have found Ward and Payne's Shears very good ind cas they are the best Shears I have had in my shed this season. Next year I shall use only Ward and Payne's Shears, if I can get them as good as the sample I have this

We send you an order for Shears, which we wish sent so as to be in time for next shearing.

We are, Dear Sire, Yours truly,

Of Maitland, New South Wales. Note.—The Shears referred to in the two last letters are Ward and Payne's No. 38.
