POLICE REFORM. foreigners here, that there is an un- of society; their organisation is so healthy stagnation in every public de- defective that from no class do they partment. complete-not partial and limited, as has hitherto been the case.

There is no greater scandal, in the city of Buenos Ayres, than the police and 'sereno' force, and yet there is community than these officers, whose very position arms them with an authority which makes them often times. judge, accuser, and executioner at the same time. The judge on the bench weighs the evidence, and hears both sides before deciding on the guilt of the secused, but the policeman has the liberties of us all in his keeping; he may arrest a man at will, in the street, charge him with an offence of which he is completely innocent, and yet consign him to a prison cell, for a day or a night, as the case may be, until the charge is heard; men pos sessing such high authority, should be, at least, of some respectability, and we find, in looking into the matter, that in other countries, so alive are the people to the importance of the policeman, that only those of a certain age, height, health, and character are

allowed to join the force. One of the finest efforts of the illustrions British statesman, Sir Robert Peel, was the new police force, which to this day, is a model body. Previous to his reform, the keeping of the peace was in the bands of old pensioners and others; crime was steadily on the increase, and protection for life and property, even in provincial towns, ex tremely defective; rigorous laws had been passed to punish crime, and aid the watchman in the discharge of his duty; but this distinguished man soon discovered that all such laws were insufficient, so long as their exe cution was intrusted to a pack of old 'Charlies,' and he struck at the root of the evil, not by framing new codes, but by elevating the policemen.

The steady increase of crime in this city is admitted; each day the insecurity for life and property is greater; not only are the streets after dark unsafe, but at noonday they are insecure, and yet we doubt if any city in Europe can boast of a more peaceful population; the great social evil is the police, and as for the 'serenos,' the less said about them the better.

What, may we ask, are the qualifications of a policeman in Buenos Ayres for nothing fellow, or that he be a wide awake card of the first water, possibly remitted to town by some country judge, being too much for his na tive partido.

Who are these 'serenos,' who watch the city at night?

Ignorant, illiterate men, stupid to the last degree, - sleepy, nocturnal | 10.35 | 11 | 11.6 | 11.40 | drones, vestiges of bygone days, | 10.46 | 11.8 | 11.15 | 11.48 | 11.55 | 11.17 | 11.25 | 11.58 | and a perfect mockery of the institution which they represent. 3

An English policeman must be a man of good moral character, know how to read and write, never convicted inches in height, under thirty-five body and mind, and in every sense a

· Yesterday at 11 a. m. sharp, most of the leading merchants, brokers, and bankers, attended on the mole head, no more necessary body in a civilized | pursuant to invitation, to visit the far famed steamer City of Rio Janeyro, the steamer that claims the honor of having made the quickest trip on record from Europe to Brazil and the River Plate. Mr. Edward Zimmerman. steamer "Baby" but owing to some the gentlemen present the nature of the dilemua, and asked the party to return at 12.30. when the "Baby' would be in attendance, but Mr. J. H. Green, manager of the River Plate Bank, moved that the party take whale boats, and proceed to the new steamer 'America", which had just arrived, to await on board that steamer the arrival of the "Baby;" Mr. Oostendorp, seconded the motion, and after a few well timed remarks from Mr. Josling, the motion was carried nem eon. It was found impossible to obtain a whale boat of sufficient dimensions to accommodate the whole party, so two boats were secured, we noticed in the editor ial whaler, Mr. E. Zimmermann, Eiker Best, Thompson, Josling, Woodgate Brothers, Leinau Fritz, and about a dożen others whose names we forget in the other boat, Messrs. J. II. Green, J P. Boyd, Schleeper, Maschwitz, Jacob, Tudor, and a few others. The morning was dellcious, the river

high, and the balmy zephyrs barely filled our sheet as we pushed from the mole stairs. The monotony of a whaleboat trip was relieved by the spark ling witticism of the brokers, the rich anecdotes of merchants. Everything went on as happy as a marriago fete until, just passing a lighter laden with tallow, one of the Mr. Woodgates lost his hat. In an instant the mercantile crowd rushed to the side of the lugger. and many, with outstretched canes and dripping arms did their best to fish up the hat. The effort was not without its danger, for the little boat almost keeled over, and, but for the cool heroism of a gentleman present, either that he be a poor, useless, good- who on more than one occasion saved several, there can be little doubt the whole party would have had to swim for it. This little incident caused no little amusement; everyone laughed when the danger was passed. In order to get the boat into trim, the party in question had to seize by the coat-tails some of the principal men in Buenos Ayres, and drag them into the centre of the boat; the same party has been instrumental in saving the lives of Mr. Fritz, Mr. Mortimer, Messrs. Folmar. Unzue, Livingstone, Walker, Brown, Murray and others. But the hat could not be caught, and the boat had to of any crime, at least five feet, eight drop back. At last, Messrs. Eiken, Woodgate, Thompson and an Italian years of age, of good health, sound boatman succeeded in getting it up on the top of a long sun umbrella, and all being right again, we pushed off for the America. When we arrived, we heard the startling news, that almost know how to ride at a furious rate a similar accident had occurred to Mr. through the streets, smoke paper ci. October 27th 1868. The Aunis arrived to-day, and altho the general news which she brings is not of the first importance, yet fron one country of Europe, a country hithero overlooked and neglected, we have intelligence of great significance Spain, poor, ancient, and, I may add Il governed, bankrupt Spain, has an last turned on her oppressors, and struck a blow in freedom's cause. How this stirring news, brings to our minds her days of ancient grandeur, when half the world almost was hers, her commerce flourishing, her navies covering every sea, and **deran**fluence in Europe paramount. True within her confines the hateful Inquisition found its securest stronghold, despotism, bigotry and intolerance have itherto found favour in her sight, yet in this solemn hour when her children appear to be making a great and simultaneous effort for liberty we willingly forget her faults, gladly call to mind the many virtues of her noble people, and hope and pray for the success of the revolution.

The Bouffes Parisiens, under the direction of Mons. d'Hote, are progressing in public favor, and the company having been lately considerably augmented, a varied and attractive repertory' is now offered to the public. This theatre is a nightly place of rendezvous' for the lovers of light comedy, and it is sometimes difficult o get a place, so great are the numbers seeking admission.

It is certain, that many vessels have been lost on these shores, either through the wilful neglect or false economy of captains, in not taking a pilot on board. Instances have been known of commanders of vessels offering pilots five dollars to take them up to Montevideo, and on the offer being, of course, refused, sailing on, and meeting, before the sun had set, the consequence of their niggardly rashness, in a watery grave. As.I said before, the government should take this matter into its immediate consideration.

On the subject of lighthouses, pilots, and the towing of vessels, the "Telegrafo Maritimo" contains the following :-

"In view of the recent expressions of opinions by ship captains, insurance agents, and foreign ministers, in the daily papers of Montevideo, it is useless to say another word as to the surgent necessity of having a light a separate mail-bag will be made up placed on the island of Lobos, and preceeded her. A NEW PRINCIPLE DISCOVERED.

One Battle of Resolvent is better than ten large bottles of the advertised Sarsaparillas, or direct Diuretic Remedies.

Radway's Renovating Resolvent in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Discuses, and its marvellous power in resolving culculous concretions, affording immediate relief and convequent cure of Diaeases of the Kidney, Blidden Liver, Lungs, Pancreas, Spleen. Its rapid iff there in the cure of Diabetes, Incon-tinence of Canty, turbid, albuminous, cloudy its almost instant efficacy in stopping itch-painful discharge of urine, and its singular ing a power is curing discharges from the Uterus and Urethra Leucorrhoca, Bloody Urine, and other unhealths, and weakening discharges; and enquire wherein the Sarsayarulian used in the Renovating Resolvent differs from ordinary Sarsaparilla. Sarsaparilla is the only principle in Sarsaparilla that nossesses curative properties; all other parts that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than 20lbs. of the ordinary

Sarsaparillian is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communi-cates its purifying, cleansing, and reinvigorating properties through the Blood, Sweat, Urine, and other secretions, securing a harmonious functional action of every deprayed organ and gland in the system. If the cloud is corrupt, the Resolvent will make it pure. If the lungs are ulcerated and sore, secreting thick phlegm and prurelont matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy materials. If the skin is covered with pimples, spots, pustules, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mercury is deposited in the bones and has accumulated in system, the Resolvent will drive it out. the throat or bronchial glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurtful, as they increase the functional secretions of one organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.

Bear in mind that every drop of blood impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound, and healthy flesh and fibre. The first dose that is

Taken Internally-Half a Teaspoonful diluted in Water, is a pleasant Drink-stimulating and Applied Externally-When there is Pain or mation, affords instant case

Radway's Ready Relief IN ITS SIMPLICITY AND GRANDEUR.

R. R. R.

We will first consider in its capacity as a speciality our far-famed remedy Radway's Ready Relief, symbolized throughout the civilised world under the significant alliteration R. R. R. This remedy is happily possessed of properties that give immediate and positive proof of its excellence, that the most sceptical can feel its power in a few seconds, especially where the sufferer is the victim of excruciating pain. It is not a question with this remedy of time it takes to remove the perception or sensation of pain, or of the cost; for the moment it is applied to the part of the body where pain exists the patient is relieved. And if the pain is from an established disease, a cure will soon

The Ready Relief is a vegetable remedy. It is pure, safe, and innocent. It is quicker in subduing pain and making the patient comfortable than Morphine, Chloroform, Ether, Opium, or any other agent. Its simplicity of application renders it a valuable household necessity, and its usefulness covers the entire range of family accidents that are liable to occur at any moment. The Ready Relief should be kept in every house, for if any injury or accident occurs to a child or grown 61—CALLE CORRIENTES—61 person, its use will prove of in mediate service. It matters not what the difficulty may be. Burn, Scald, Fall, Bruise, Cut, Wound, Poison, Sprain, Strains, Plain, Ache, Cough, Cold, Croup, and a hundred other annoyances that are constantly taking place in every family, this Ready Relief will, in a few minutes, prove its value. If suddenly seized with sickness, and you have no faith in medicines, but wish for a doctor, the Ready Relief will suspend or check the progress of the disease at once, and, in ninety times out of one hundred, cure the patient before the doctor arrives. It can never do harm; but will always do

good. Its grand power is the prevention and cure of pestilential and contagious diseases. It is in diseases were immediate and absolute assistance and relief is required wherein this remedy proves its superior, and we might say, supernatural Power in saving life, and promoting

In cases where Eridemic Diseases, Pestilence, In cases where Epidemic Diseases, Pestilence, Small Pox, Fevers, &c., exist, this remedy proves the potent power of a disinfectant, neutralizer and cure. No one that uses the Ready Relief when Asiatic Cholera, Yellow Fever, Typhoid Fever, Small Pox, Diptheria, &c., prevail in a community, will be seized with these diseases; and if seized when using it, will be cured If the directions are followed. Simple as this remedy is, it possesses the elements of cure of the most violent, painful, and fatal diseases that scource the earth.

USE DURING SPRING AND SUMMER

When the blood is thick, the circulation clogged and the humors of the body rendered unhealthy by the heavy and greasy secretions of the winter months. This safe, though powerful detergent leaunes every portion of the system, and should be used daily as

A DIET DRINK

by all who are sick, or who wish to prevent sickness. It is the only genuine and original preand fatal diseases that scourge the earth.

The properties of the Ready Relief are counterirritant, rubefacient, anti-spasmodic, disinfectant, antiseptic, diffusive, stimulant, tonic, nervine, anodyne, anti-acid.

Its use in Asiatic Cholera, either as preventive or cure, is of more value to the world than all other discoveries in vogue.

Spisms, and holds the constituents of the blood together, equalising the circulation, and preventing the separation of the watery constituents from the other properties of the blood, and arrests vomiting and purging. In Yellow Fever it is likewise all potent, and, with the assistance of Radway's Pills, will protect those exposed from attacks, and cure them that may be seized.

In Fever and Agus, Typhoid, Bilious, Scarlet and other Fevers, its use will always insure a cure.

THAT IS PUT UP FOR SALE.
