### A GREAT SENSATION A GOOD SENSATION PAIN CURED IN AN INS-

TANT.

In 1847, the great grand principle of stopping the most exercicating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Aconito, Ether, &c., was first nade known in
RADWAY'S READY RELIEF.

This remedy accomplished this wonderful de-siratum in all cases of external and internal pain In an instant it afforded relief; the moment it was applied to the parts of the body where inflammation or pain existed, it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumalism, Neuralgia, Influenza, Sore Throat, Nervous Headache, Toothache, Pains in the Chest, Side, Headache, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, oac application was sufficient to cure and exterminate the pain.

Taken internally, 20 drops to a teasponful would cure, and will cure. Fever and Ague, Chills and Fever, Billious Colic, Inflamation of the Beach Courses, Billious Colic, Inflamation of

the Bowels, Cramps, Spasms, Diarrhea, Dysentery, and every pain that may exist in the inside a man, woman, or child. This was Radway's Ready Relief of 1867, and it is Radway's Ready Relief, greatly improved, in 1868.

The wild lands have generally been sold at three hundred Bolivians per league, so that their value would have only amounted to 45,000 pats., whilst only one league of the land on either side of the Railway would have amounted to as much.

The concessionaires agreed to the change, with the intention of bringing out a large colony to settle upon the wilds of the Chaco, and reclaim themfor the purpose of agriculture.

After the Civil Marriage revolution, which placed Cabal in power, the National Government subscribed for shares in the undertaking, and since then, Sr. Cabal has resigned his share in the concession to another party, partly due, it is believed, to the financial pressure under which he was at the time laboring, and partly to motives of delicacy, because of his official position.

Having noticed the paucity of news contained in the "Standard" respecting this place. I have ventured to trouble you with the present communication, and should you deem it worthy of insertion in your columns, I will endeavour to forward you, from time to time; such scraps of news as I may be enabled to pick up in the course of my wanderings.

We have been much annoyed by the stoppage of communication between this port and Buenos Ayres, as most of us receive our letters from home through your post-office. As the necessity of quarantine is, however, a moot point among medical men, we must not grumble at a measure which may be prudent and necessary, though extremely inconvenient for the time

We have been greatly horrified by a barbarous murder committed lately in this district. The victim was Mr. John Morris, an old resident in Buenos Ayres, and well known there. He lived entirely alone, and was treacherously murdered for the sake of robbery while dispensing hospitality to his assassins: it is supposed there must have been three of them, as four when the murder was discovered. The murderers are still at large. Several

I had all along entertained the hope that the gentlemen who compose this society would, in their own interest, and with much good taste, have given way to the Jockey Club, which had fixed on that day, and publicly announced their autumn race meeting in Belgrano.

The Right Hon. Earl Russell communicated to the Royal College of Physicians of London, that he had received a despatch from Her Ma-jesty's Consul at Manilla, to the effect that Chlo rodyne was the only remedy of any s rvice in Cholera.—See 'Lancet,' Dec. 31, 1864.

The 'Times,' of November 14, 1885, ssys:— The 'Times,' of November 14, 1865, says:—
"During the last five or six weeks the wife of
the Roy Mr. Forbes, the Chaplain to the English Church in Paris, has gratuitously administered Chlorodyne in between fifty and sixty
cuses of incipient Cholera, in some cases where
the disease had made considerable progress, and
succeeded in arresting it in every instance."

Dr. Hutchinson, Her Britannic Majesty's Cousul in Reservice, who took charge lett seven of

sul in Bosario, who took chargo last season of the Cholera Hospital in that city, employed Chlorodyne in every case, and the result was he saved sixty per cent. This is a fact which does we would also add that the same physician, in a letter to Mr. Oroño, Governor of Santa Fe said, of the several Medicines used in Cholera there is only one of any real value, and that is

Chlorodyne.
Chlorodyne is allowed to be one of the precious Chlorodyne is allowed to be one of the precious discoveries of the present age. It is largely employed by the most eminent medical men in all paris of the globe, and is justly considered to be a remedy of intrinsic value, and of varied adaptability, possessing most valuable properties.

No other remedy can be exhibited with so much confidence as a Sedative, an Antispasmodic, an Atringent, or a Uninhoritie.

As a Schattve, an Antispasmodic, an Astringent, or a Diaphoretic.

As a Schattve. It relieves pain, quiets the nervous system, and produces sleep, without exciting the action of the heart, or producing subsequent headache.

As an Antispasmodic. It speedily relieves spasmodic pain or choic, whether in the stomach or howels. As an Astringent in Cholers, Diarrhosa, and Dysentery. It rapidly relieves pain, spasm, and tenesmus, and supports the system, keeping up the warmth of the surface and extremities of th

body, and at the same time moderating the action of the bowels. As a Diaphoretic. It produces a gentle glow, followed by a free perspiration, during which the pulse improves in character.
