Buenos Ayres, March 4. 28,xp,mv19 THE BATTLE OF LIFE.

Which is continually going on between health and disease, has, never received from any Medi-cine such marked and unu istakable assistance, on the side of health, as it has from BRISTOL'S SARSAPARILLA.

This powerful vegetable detergent has been fully tested in nearly every part of the civilised world. It has been tried in long-standing and has invariably been successful in curing them. It has been again and again tested in Fever and Ague, Intermittent and Remittent Fevers, and always with the same excollent recurity.

it is a sovereign remed;—causing new circulation of the blood around the edges of the sore, are specifly filling up and drawing together the flesh; which in old sores is generally inert and SORE EYES and RUNNING EARS ifeless. In

the effect is truly wonderful. The scrofulous and depraved blood and humors on which such sores feed and live, are neutralized at the stomach, the fountain-head, and new and healthy blood soon washes away every vestige of

CANCER.

the Sarsaparilla should be continued for at least four or five months after the trouble has to all appearance been overcome, because unless this is done, and the nature of the blood and humers be entirely changed throughout the whole body, the disease is liable to return with unabated force. In

BOILS and CARBUNCLES the Sarsaparilla should be taken five or six times a day, but not in very large doses—say two or three tablespoonfuls at a time. And in all of these diseases we strongly urge the use of Briston's Surger-coaled Bills in communities with the these diseases we strongly urgo the use of Dristol's Sugar-coated Pills, in conjunction with the Sarsaparilla, taking two or three Pills every second night on retiring to rest. In this way cures will be more speedily effected.

gratitude to the generous subscribers towards their "Immigrant House," No. 248 Calle Chacabuco. The amount already collected will enable them to commence the building they propose, but it will not suffice to finish it.

The facility such establishments afford, both at home and abroad, for obtaining persons of respectable character, and likewise efficient for domestic service, sufficiently recommends them, to the public, without at all taking into consideration, the amount of misery it precludes. The Sisters therefore confidently hope that, a call from them for furthes assistance will not be in vain. They also take advantage of this opportunity to remerk they invariably give a note to any one that they recommend to a situation, and that all subscription, not entered by the donor, in the collecting book, kept in the Convent, will be published in the 'Standard' every month.
