PHOTOGRAPHY

This popular Establishment continues to maintain its well-earned reputation of being the first Photographic and Art Gallery in the River Plate. Its Proprietor, during the last year, has introduced many of the most approved inventions applicable to the art.

PHOTO-DRAWINGS

This new style of picture, introduced by Mr. S. L. Reynolds, of London, makes the finest and most effective mode of Portraiture known at the present day. The process is simple and delicate of tone is such, that some of the first English artists have been unable to determine whether they are Photographs, or simply and purely Water Colour Pictures.

THE REBRANDT STYLE

This is a recent American invention, and has created a furore in the States which bids fair to revolutionize Photographic Portraiture. Its peculiarity is, that it makes a Portrait stand out in bold relief from a black background, like a statue done in marble.
