YOUR NEAREST RELATIVE... Your nearest relative may be dying at the opposite side of the street, but you might as well attempt a foot on the trapezoid as expect to hear of his condition till it pleases King Rain to cease. If you are asked to dine with a wealthy friend, the excellence of whose cook would tempt you to brave a good deal, you can not get to his house; and if lucky enough to do so in safety, you require an umbrella at the dinner table, for South American rain creeps through the roof of the very best constructed houses down even to the basement story.

JUPITER PLUVIUS. Rain is and has been for some time a despotic ruler in Buenos Ayres, and to all appearances the dynasty is certain of a long lease of power. In making this assertion we feel that we have a strong 'prima facie' case; were it a weak one, we should commence by abusing the Municipality, after the fashion of lawyers, who generally attack their opponents' attorney when their own arguments are sieve-like.
