Her Majesty's Legation, Buenos Ayres, May 17, 1880.

H. E. Señor Don Mariano Varela, Minister for Foreign Affairs.

It is with extreme surprise and regret that I observe in the message delivered by His Excellency the President at the annual opening of Congress, that in treating of Foreign Immigration His Excellency has made a very unfavourable and prominent allusion to the conduct of Her Majesty's Government in relation to a recent notice addressed to British Emigrants by Her Majesty's Emigration Commissioners...

The French mail steamer Sindh arrived yesterday at Montevideo; she will be in port to-day. We give a telegraphic summary of her news. No particular news yesterday about Jordan, who appears on a perpetual sledge-hike as Gen Conesa advances. There has been a skirmish on the Nogoyet (Nogoyá), in which the Jordanites lost a few men. General Conesa has issued a Napoleonic order of the day in which he promises his soldiers an easy victory.

We are credibly informed that the preparations made by the members of the Progreso Club for their ball to-morrow evening, are on the most expensive and luxurious scale. The Club House has been newly painted and decorated from top to bottom, at an outlay of nearly \$400,000 mpc.; the carpet on the ball room and antechambers having alone cost \$70,000 mpc. The number of invitations issued to the members of the 'beau monde' exceeds those sent out on any former occasion, and exceptional brilliancy and success may therefore be argued for this ball.

The report, originating with a leading contemporary, of the re-engagement of Madame Passi at our Opera House, and which we mentioned yesterday with reserve, is as we anticipated unfounded. That gifted artist will remain at Montevideo. The race between Adios and Cimarron to come off to-morrow over the Belgrano course, is exciting unusual interest amongst sporting men, who are about equally divided as to the merits and chances of their favourites. A good deal of money is carried by both horses in addition to the stakes which are large, \$20,000 mpc a side. As to-morrow will be a half holiday, being the anniversary of the swearing of the Provincial Constitution, a crowd and fashionable muster may be expected on the breezy Downs of enchanting Belgrano.

The project for continuing the Plaza Victoria out to Plaza Once de Setiembre by knocking down all the houses in the blocks between Calles Rivadavia and Victoria, will be laid before the Government and the Municipality next week. As there is great opposition to this plan, it is not thought at all probable that it will even be passed. In Calle Peru the fine houses of Armstrong, Elizalde, Molino and others would have to be knocked down; the plan would doubtless be carried out in New York or Paris, as it would improve the city, but it is too expensive for us: it would entail a municipal outlay of at least fifteen millions of pesos, and where, oh where is such a sum to come from?

of those with whom they have maintained such intimate relations as this Republic, and it would be a source of gratification to them to know now that the nation which was in other respects making great strides in advance determined vigorously to apply themselves to remedy, if not to stamp out, entirely this evil complained of by the lives and property of the inhabitants depend.

I have the honor to inform Your Excellency, in conclusion, that I reserve myself the right of giving publicity to this note, and I avail myself of this occasion, Monsieur le Ministre, to renew to Your Excellency the assurance of my highest consideration.

H. G. McDONELL. EDITOR'S TABLE.

The French mail steamer Sindh arrived yesterday at Montevideo; she will be in port to-day. We give a telegraphic summary of her news. No particular news yesterday about Jordan, who appears on a perpetual sledge-hike as Gen Conesa advances. There has been a skirmish on the Nogoyet (Nogoyá), in which the Jordanites lost a few men. The number of invitations issued to the members of the 'beau monde' exceeds those sent out on any former occasion, and exceptional brilliancy and success may therefore be argued for this ball.

The report, originating with a leading contemporary, of the re-engagement of Madame Passi at our Opera House, and which we mentioned yesterday with reserve, is as we anticipated unfounded. That gifted artist will remain at Montevideo. The race between Adios and Cimarron to come off to-morrow over the Belgrano course, is exciting unusual interest amongst sporting men, who are about equally divided as to the merits and chances of their favourites. The project for continuing the Plaza Victoria out to Plaza Once de Setiembre by knocking down all the houses in the blocks between Calles Rivadavia and Victoria, will be laid before the Government and the Municipality next week. As there is great opposition to this plan, it is not thought at all probable that it will even be passed. will be pitched on the ground, and heads of families need not go to the trouble of preparing hampers for the day; Watson supplies everything. The following passengers were booked in England for the Onitida due here on the 7th June. Mr. H. Wilmot, C. T. Read, S. Murray, C. Rehder, Talbot, Henley and party, Martin, Beatio, Hobbs, and Hindlock. Mr. A. K. Mackinnon, Director General of Public Works, Montevideo and who is at present in London, vainly trying to negotiate the new Montevideo loan, has been elected a member of the Institute of Civil Engineers.

Captain Burton's new book entitled 'The battle fields of Paraguay, has just arrived, Messrs. Mackern have received a box, we purpose reviewing the book in a few days. Many of the Cordoba inauguration party are expected back to-day; we publish a full description of the imposing ceremony from the pen of our brother editor, reserving until our next issue Mr. Wheelwright's speech not to overcloud our columns with this matter. Messrs. Armstrong and Lamb may be looked for to-day or to-morrow as also Mr. Wheelwright; it is worthy of note that the first named gentleman although amongst the oldest foreign residents in the Plate never before were north of the Arroyo del Medio. Mr. Buschenthal returned yesterday.

Nabuco was performed on Friday night at the Colon theatre with Mue. Zaccani as Abigail for the first time. The oftener we hear this lady the better we like her. She is an accomplished actress, and her style of singing is very good. In the 'adagios' and pathetic passages she cannot be surpassed, so sweet full and expressive is every tone; but in the 'allegro' movements her excellence is not so apparent; her organ wanting that power so often lacking in a mezzo-soprano voice for this lady can scarcely be called a contralto. She was loudly and repeatedly applauded during the night, and her rendering of the character of Abigail must be considered a decided success. Sig. Celestino was ill and his part, that of Nabuco, was taken at an hour's notice by a new baritone, Sig. Marcellini who, under the circumstances acquitted himself remarkably well. Faust is announced for this evening. Watson the well known proprietor of the Belgrano Hotel will have a stand for the supply of refreshments at the races to-morrow.

We are obliged through pressure on our space to hold our till Tuesday the interesting article on Australian meat, which we received from Mr. E. B. Neil per Tycho Brahe. Our esteemed colleague La Prensa in copying a paragraph from this column has fallen into a slight error. The Paraguayan rancho door the exquisite carving on which has attracted so much attention from connoisseurs, forms part of the STANDARD museum, not of the National institution as stated by our contemporary. There is nothing at all comparable to it in the National Museum. The candidates for the Secretaryship to the Provincial Convention are Messrs. A. Balleto, Dr. D. Gonzalez, R. Viauajand Sr. Arana; all good men and true. Another duel! A colleague says that another meeting was arranged to come off on Friday between two journalists, one an Italian, the other connected with a native evening paper. Really 'chers conferees' you should remember the maxim that 'good people are scarce'; so profoundly convinced are we of the truth of this old saw, that under no circumstances could we be induced to give or accept a challenge. The late raids by the Indians at Azul are said to have been caused by irregularity in forwarding them the supplies guaranteed to them by treaty with Government; they threaten to forage for themselves in the old style, if the 'providor' is not better up to the mark in future. The Government should at once see to this, as the people at Azul are greatly alarmed. The members of the Provincial Convention, called to take into consideration the Reform of the Constitution, held a preliminary sitting yesterday.

We have heard a great deal of late of the very backward state of primary education in this province, so it is with the greatest pleasure we record in our columns what a friend of ours has just informed us on the actual state of the Municipal School No. 1. This establishment is a remarkable exception to those of the same class. Its director, Mr. Henry Sautu de Olalla, is a man of learning, talent, and much experience. He was brought up in France, and has continued his educational career much to his credit in Spain, Chile, and Ecuador. He has distinguished himself greatly in all those places, and his conduct since his arrival in this country has been such as to call forth the warmest sympathies of all those who are interested in the progress of the class he has under his immediate care. His scholars are ready, and intelligent, his discipline and method of teaching unexceptional, and his assiduity and constancy unrivaled. We shall not dwell upon Mr. Sautu de Olalla's peculiar system of education, but simply call the attention of the Board of Directors to the actual state of the Municipal School No. 1. Let them test the efficiency of the pupils, and if they are found, as we think they will be, superior to all others of their class, let them see if they can introduce the same

spirit of innovation into the other State schools. The Musical Committee of the Philharmonic Society have requested us to inform their members that the next rehearsal will take place to-morrow night at seven o'clock precisely at the Coliseum. The weather glass fell somewhat yesterday, and another downfall of rain is apparently not far off. There is no news of any importance from the Banda Oriental. Aparicio's forces are reduced to forty-nine infantry, and four hundred horsemen, well mounted, but badly armed and half naked. Maximo Perez, with all his forces, has left Mercedes in pursuit of the revolutionary chief, and people in Montevideo are expecting a decisive battle. We understand that Colonel Peña, the gallant and courteous Aide-de-camp of the President of the Republic, has been promoted to the 'effective' list of Colonels in the army. We congratulate the gallant officer on this well deserved promotion, which his distinguished services in 'conflict and camp' well entitle him to. There is no news of the slightest interest from the interior. The 'provincial' papers are filled up with local events and justifiable peans of triumph on the conclusion of the Central Argentine Railway.

ON 'CHANGE. May 21, 1870. Onnces, 460. Sovereigns, 122 1/2. Patrons, 25. Nat. Bonds, 66 1/2. The Bond market ruled much weaker to-day, prices opened for cash at 67, and closed at 66 1/2, but the rates on time showed a still sterner decline. For the end of the month \$2,000 sold at 67 1/2, down to 67 1/4. Prices for the end of the month ruled very weak; one well-known broker sold out close on 100,000 Bonds, to deliver 31st May; this, of course, shook the market, but in the liquidation prices ruled somewhat firmer, owing, it was said, to favorable news having been received from Entre Rios. Money ruled much easier to-day than on last Saturday; discount brokers were offering to advance large sums on Bonds at 12 per cent. per annum, but there were no borrowers, and first class paper could not be had to-day over 9 per cent.; this sudden ease in the money market is attributed to the falling off in the saladero business. The faena is low drawing to a close. Exchange was done to-day at 49 1/2 and 50. If the French packet does not bring bills from Rio it is probable the rates will not advance, as some of the best drawers prefer taking up money in the market to drawing at such high rates; the exchange business for the French packet has, however, as yet hardly opened. The war news from Entre Rios to-day was regarded as favorable. Gen. Conesa's proclamation was read on 'Change, and news from Paisana was received to the effect that Golly's troops had crossed from Corrientes to Entre Rios and were coming up to reinforce Conesa; Jordan's troops are now between two fires. The advices by the French packet were not so satisfactory as expected; tallow has suffered a smart fall: wools in Antwerp were weak; the sales for private account 6,600 bales. Next auction 10th of May. At Havre wools weak; auction prices sustained; stock increased 5000 bales; a very steady demand for Banda Oriental, some flecks of which are this season extra ordinarily good as regards condition and staple; at the last auction 6637 bales offered and 6500 sold; as high as 10s. has been paid for Banda Oriental merino. In English markets arrivals small and stock low; that for many years past; sales, 450 bales merino and mohair; Santiago, 250 bales at 7 1/2 to 8d. for washed and 6d. for half washed. London auctions of Australian and Cape improve as they progress, and may be quoted 5 per cent. over February sales. Stock-River Plate wools in Europe 31st March, 24,117, against 26,676 same time last year. From Rio-Exchange, 222, 22 1/2; Sovereigns, 108/00. Sr. Marcaratu has launched a South American Telegraph Company in London based on a Brazilian concession to run a line from Para to Montevideo. In the Doubt Estrangers there was another important sale to-day, 17,000 pes. capital at 60. It was generally believed that these coupons were bought for foreign account. The new National Bonds lithographed in the States are expected here shortly; they will at once replace the present bonds, and the coupons will be payable without the bond; this new regulation will prove of great importance for this market, and will enable many foreign parties to hold their bonds abroad and collect the coupon here. An agency for the payment of the coupons will be organized; it will have nothing whatever to do with the Government but be a private business. The Durazo division, 400 men, have entered Florida, after a few days chase, Aparicio flying ahead; he is now supposed to be at Cerro Largo. During the last few days a chase has been in rather stiff demand, it is generally thought, for remittance to Buenos Ayres. There has been some speculation in Bonds at 80 to 81. An office has been opened in the market, for the sale of very little doing. The cargo carrier Cardiff coal, sold at reserved rates. In saladero produce 300 cov and 100 ox hides sold at 6 1/2 gold on board. The finance question, now that the market is so quiet, is not so much regarded as it was formerly. SAVINGS BANK
BANK MAUÁ AND Co.
101-Cangallo-103
BUENOS AYRES.

The immense advantages of Accounts Current
now so generally felt and appreciated in the
two great emporiums of the River Plate, Montevideo
and Buenos Ayres, that there are very few
Merchants who fail to keep one at the bank in
which they place the most confidence.
The Bank of Mauá & Co. in Montevideo has
already provided for the working classes in that
city a safe and profitable depository for their
savings.
The sums deposited in that very important
institution are daily increasing, and already reach
a very large amount.
These advantages have not hitherto been
enjoyed in this city by an immense number of clerks,
artisans, working men, and servants of all classes
and conditions, who are equally interested in placing
their savings out at interest. The Bank of Mauá & Co. are also
providing themselves with a reserve fund in case of need,
sickness, or old age, instead of depending then in
the immoral gambling, in lotteries, and other
frivolities.
The Bank of Mauá & Co. of this city, following
the noble example of their firm in Montevideo,
now offer the same facilities in this city, and has

opened a Savings Bank at No 103 Calle Cangallo
from 10 a.m. till 3 p.m. every day, for the
reception of the savings of the classes already
mentioned, and for the purpose of saving
the Bank will deliver to each depositor a pass
book, in which will be entered the amount deposited
and withdrawn.
The depositor is permitted at any time to withdraw
the whole or part of the sum deposited; in the
former case the interest will be calculated up
to date.
The Bank of Mauá & Co. is sufficiently known to
the Public by the benefit derived from the
course of its operations, which are regulated on
the strictest and soundest principles, and always
directed to promote the general welfare.
This new branch of their business will render
immense service to the working classes of Buenos
Ayres and its neighborhood.
Buenos Ayres, 2nd January, 1867.
