

Table with financial data: Tonnage dues, British and foreign, etc.

The expenditure was \$483,268. Fifty-sixty persons remained in Hospital at the end of 1870, 588 have been admitted in 1870, 573 have been discharged...

Dr. Conyngham is at present in charge of the Hospital, and deserves every praise for his favorable results. The Committee regret the loss of Dr. Reid, and speak of his admirable qualifications...

The Bazaar held in May for the benefit of the Hospital produced \$10,125 fuertes, which have been invested in public funds, and only its interest used for the repairs of the building.

The Committee testify to the ability and assiduous attentions of Dr. Conyngham in the discharge of his duty, and return thanks to the medical gentlemen who have been at times willing to render their services to the institution...

The Tonnage Dues provide for sick seamen; the pay patients contribute in a great measure to their own support; but the present income of the Hospital is found inadequate, and a yearly call must be made upon the generosity of the public.

The balance sheet shows the sum on hand \$43,646 currency. The subscription list shows a total of 203 names.

INTERMENT OF PROTESTANTS. The following is a copy of the order sent by the Municipality to the Southern Cemetery relative to the above.

It having been ordered that the bodies of deceased Protestants who fall victims to the yellow-fever shall be interred in the Southern Cemetery...

B. AYRES BRITISH CLERKS' PROVIDENT ASSOCIATION. Report for the Half-year ending Feb. 28, 1871.

Your Committee, in accordance with Rule XIII., have now to present you with the result of their management of the Association, as manifested by the accompanying balance sheet...

the dull and difficult times we have passed through, and the fact that no great risk has been run, may be considered as very satisfactory.

Dr. Conyngham is at present in charge of the Hospital, and deserves every praise for his favorable results.

LIBRERIA EUROPEA. JACOBSEN & SODERSTEDT. 2822, 1m, 16. HEALTH RESTORED BY THE USE OF BRISTOL'S SUGAR-COATED VEGETABLE PILLS.

These Pills have justly acquired a widely extended reputation for their wonderful cures of severe cases of sickness—cases in which all other Medicines had failed, and which had been given up by Physicians as beyond help—such as confirmed and long-standing Liver Complaints, obstinate cases of Biliousness, &c. But while admitting their wonderful curative powers in difficult cases, we wish to call attention to their great value in the every-day diseases of life, such as Costiveness, for which they are a perfect specific; Headache relieved and cured by one dose; Indigestion always removed by them, and the stomach so toned and strengthened as to prevent a return. Head Breath cannot exist when the stomach is cleansed.

BRISTOL'S SUGAR-COATED PILLS.

Purely Vegetable. For Loss of Appetite they are the only sure remedy, as they never fail in carrying off the depraved bilious secretions that float in the stomach and destroy the healthy, natural craving for food.

Podophyllin and Leptandrin, The only vegetable substances yet discovered that are really Antibilious. To the presence of which invaluable reconstitutes the extraordinary success of Bristol's Pills may in a great measure be ascribed. It is necessary, however, that the sick should always remember that in all diseases that have their origin in the blood.

BRISTOL'S SARSAPARILLA. That best of blood purifiers, should be used with the Pills, the two Medicines being prepared expressly to act in harmony together. When this is done faithfully, we have no hesitation in saying that great relief, and in most cases, a cure, can be effected when the patient is not already beyond human help.

For general directions and table of doses, see the wrapper around each pill of Pills; but as different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that suits their system, and take that dose, instead of following any general rule.
