As soon as the river became a public nuisance the Saladeristas began to devise measures for its purification; first an Artesian Well, which turned tine Government. We understand the out unsuccessful, and then Mr. Coghlan's project of a subterraneau tunnel to Ensenada. The saladeristas were willing to incur most of the expense themselves, but Governor Castro and the Legislature resolved to try the Puiggari scheme of evaporation, and in 1868 in was confidently predicted that the saladeros would be henceforth as sweet as the Valley of Cashmere. The evaporation system bowever, has completely burst up, and now the saladeristas beg to be allowed to try Mr. Coghlau's project.

It we were to be guided by our individual feelings in the matter we should say-" Pull down all the Saladeros at "once and compensate the owners". We must, however, put ourselves in the position of legislators sitting in judgment on the case, and take up the petition of the Saladeristas, jointly now submitted to the Provincial Gov-

CAUTION.—Vice-Chanceller Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the Inventor of CHIORODYNE that the story of the Defendant; Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Emineut Hospital Physicians of London stated that Dr. J. Collis Browne was the discoveryr of Chlorodyne, that they prescribe it largely, and mean no other than Dr. Browne's.—The Times, July 12, 1864.

The Public, therefore, are cautioned against pring any other than neing any other than

DR. J. COLLISBROWNE'S CHLORODYNE THIS INVALUABLE REMEDY produces quist, refreshing alsep, relieves pain, caims the system, restores the deranged functions, and stimulates healthy action of the secretions of the mulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisity. Thousands of persons testify to its marvellous good effects and wonderful cures, while Médical men extolits virtues most extensively using it in great quantities in the following diseases:—

discases:—
Discases in which it is found eminently useful— Cholera, Dysontery, Diarrhosa, Colics, Conghs, Asthma, Rheumatism, Neuralgia, Cough, Cramp,

Hysteria, &co.

EXTRACTS FROM MEDICAL OPINIONS.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lanet Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after 18 month's severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [Dec. 1865] that nearly every case of Cholera in which Dr. J. Cellis Browne's Chlorodyne was administered the patient recovered.

Cholera in which Dr. J. C.llis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan. 12, 1866.—

"Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not 'supply a want and fill a place.'

Extract from the General Board of Health, Lordon as to its efficacy in Chelera.

London, as to its efficacy in Cholera.—"So strong-ly are we convinced of the immense value of his remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

Beware of spurious and dangerous compounds sold as CHLORODYNE, from which frequent

fatal results have followed.

See leading article, *Pharmaceutical Journal*,
Aug. 1, 1869, which states that Dr. J. Collis
Browne was the Inventor of Chlorodyne; that it

odyne is ordered.

CAUTION.—None genuino without the word
