Remittent Fovers, &c.

This class of diseases, so common in all part of the world, and specially prevalent in malerious districts and vicinsge of water courses, are almost invariably accommanied by more or less derangement of the liver, and frequently by a defective action of the digestive organs.

The mere broking of the Chill is but a step towards completing a radical cure. The various organs of the body, especially the stomach and liver, must be brought to a healthy and vigorous condition before a permanent cure can be established and this fact has been specially kept in view by Dr. Jayne in his treatment of these complaints. The use of Jayne's Ague Mixture in conjunction with the Sanative Pills, as prescribed in the directions which accompany each bottle, will not only

For a long time there has been felt the want of a complete alphabetical list of the inhabitants of this city for for some time. business matters, which are often delayed or made impossible by reason of not knowing where to find the persous sought for.

Attempts to meet this want have been often made, but have all been incomplete, merely containing names known to every one, and omitting the addresses of businesses little known. which are precisely the ones most difficult to find. Moreover, many of the addresses given are not correct, because they have been taken from the registers of 'patentes, and are not the result of direct investigation.

The rise of landed property in Flores is daily exciting more attention. On Tuesday the auc tioneer Baizen realized the tollowing high prices Lot I. A site 25x70, fronting on the mair street,11 squares from the Plaza of Fiores, towards Caballito, fetched 6, 00 per vary front, equal to 95]\$ per square vara. It was not expected to passtwo-thirds of that figure.

Lot 2. Situated behind lot 1., facing Calle Union, which is one square south of the Camino Real, and near Mr. Rom's residence; the lot wa 81x70 and sold for 52,000, be ng 6,1171 por vara front, or 874\$ per sq. vara.

Lot 3. Situated 5 squares S. of the Camino Real, about ha mile from the Plaza ness the residence of Mr. Barclay, measured 51x6%, and was sold for 2250\$ per vara front, equal to 25\$ per sq. vara.

The bidding was throughout very spiri ed. Last week a site measuring (0x52, in front of Mr. Best's quinta (2 squeres from the Railway Station), was sold at reserved rates. Mr. Rom purposes selling by auction 3 or

The Federal Courts have just decided a lawsuit of a very peculiar character, between two attempt was made to assassinate Dr. Correctino weod-cutters who have 'obeijis' in the Gran Chaco in front of Corrientes. Th woods of the Chaco in theory belong to the National Government, and are free to the publie, but in reality the right of woo -cutting has to be purchased from one or other of the In .ian tween two editors, Dr. Ramirez and Caciques, who accordin ly allows the wood-Dr. Bauza, in which, happily, neither cutter to mark out so much of the forest for me labours. It seems that in 186; the Cacique Francisco sold to Agustin Vasquez, and in the same year another radius to Saitor, the latter embracing a portion of what was granted to Vosquez. Questions arose about limits, and Saitor such Vasquez before the Federal Judge for the value of 500 pieces of lumber. Both parties summoned the Cacique as a witness, and after a due hearing of the case Judge Luna decided as follow :-

1st. That by law the plaintiff must be nonsuited, as the woods are tree for any one to cut. 2nd. That he Argentine Courts cannot 16 cognize the Indians' title to the woods and

3rd. That as the Indians are un lisputed possessors, and the Cicique Francisco soft woodcutter's rights both to plaintiff and defendant this placed them both on the same woring. 4th That both Vasquez and Saitor nave be cutting wood there since 1867, and may hence

The advices from Montevideo report that the moeting of shareholders of the Contral Uraguay Railway took pince on Monday, there b ing 50 or 60 shareholders present. The loan negotiatio concluded by Mr. Senen Roariguez was approved of, unanimously, as also the terms f r carrying on the line from Sant Lucia to Dac 2ng. The Customs receipts of M. Vileo show a great evival of business, amounting in July to 474,2685, being 60 per cent over the same month in 1870, and 8 per cent. over July 18.9. The ralus of goods imported was 1,169, 55, and o exports 667,667\$, an increase of 64 per cent. in imports over Jul 1870, and a decrease of 164 in exports. RACKED AND CONTORTED BY PAIN no disease is more agonizing than Rheumatism; none more difficult to relieve; yet a case which, for thirty years, had baffled the Faculty, has, it appears, bee completely cured. The particulars are given, with expressions of astonishment at the result, in m uy of the western journals. They state that John Roche, of Cleveland, Ohio, aged titty six years; had, for the greater part of his life, endured torments of the most terriblé description. His limbs had been racked and contorted by pain and muscular contractions, until his knee-joints were of the size of a man's head, and his fingers knotted and drawn up, while a scrotulous tendency in the blood was indicated by blotches and pustules on various parts of his body. In this dire condition he began to use BRISTOL'S SUGAR COATED antidote to the virus of scrotula BRIS
TOL'S SARSAPARILLA. Eleven
vials of the pills, and eight bottles of
the Sarsaparilla, relieved him from
every vestige of pain; and be is now
well, cheerful, and able to attend to
his business.
