The Standard.

SATURDAY, DECEMBER 2, 1871. THE ROSARIO RAILWAY.

The concession for the construction of a railway from this city to Rosario, in Santa Fe, which has just been granted to Messrs. Mariano Billinghurst and Co. by the Provincial Government...

GOVERNMENT DECREE.

B. Ayres, Nov. 24, 1871. Having examined the various tenders for the construction of a railway from this city to Rosario...

1. That William Elliott, on behalf of Messrs. Clark Pinchard & Co. of London; Jose Telfener and Alberto Lucerna, on behalf of a private joint stock company...

2. That the tenders of Messrs. Billinghurst and Co. and J. Lloyd are the only ones that solicit no subsidies whatever for the construction of the line and its branches...

3. That the fact of Messrs. Billinghurst and Co. asking for no subsidy whatever entitles them to a preference over all the rest...

4. That the fact of Messrs. Billinghurst and Co. asking for no subsidy whatever entitles them to a preference over all the rest...

height of whatever materials, troops or officials the Government might dispatch to Rosario, though they offer to return the subsidy...

THE ABATE MEAT-PRESERVING SYSTEM. The preliminary meeting of the friends of this promising undertaking was held on Thursday evening...

CONSIDERING ON THE OTHER HAND the tenders of Messrs. Billinghurst & Co. and Messrs. Lloyd & Co.

SECONDLY.—That although Messrs. Lloyd & Co. after the specified time, and the opening of the tenders, improved on their original offer...

THIRDLY.—That as it appears by the foregoing that Messrs. Billinghurst will construct branches to other towns and places not expressed in Messrs. Lloyd & Co.'s tender...

FOURTHLY.—That although Messrs. Lloyd offer to survey and make the line in less time, the advantage is slight, as the term asked by Messrs. Billinghurst & Co. is not excessive...

FIFTHLY AND FINALLY.—That although the government is not bound by the notice published to accept any of the proposals...

The Government has resolved. FIRST.—To accept the proposal of Messrs. Billinghurst for the construction of a railway from the city of Buenos Ayres to that of Rosario...

SECOND.—That Don Lisandro Billinghurst, representing the firm of Mariano Billinghurst & Co., produce his legal authority to act as such, ratify before a notary the proposal he has presented...

THIRD.—To declare that Messrs. Billinghurst & Co. may draw the interest on the sum deposited to the order of the government whenever they think fit...

FOURTH.—Let this document be sent to the Government Notary who will inform the proponents of this resolution...

On the 27th of this month, I informed Don Lisandro Billinghurst of the foregoing resolution, to which he replied that he ratified his proposal...

Ministers, referring as to the powers required for his Belgrano Tramway concession, powers which bear on the present case in proof of which he signed and sealed in my presence.

On the same day Don Lisandro Billinghurst handed me a pass-book of the Provincial Bank showing that 40,000 patacones had been lodged to the credit of the Superior Government.

It is a singular spectacle to witness in this year of grace, the Minister of Public Instruction ordering modern geography to be seriously studied in the Collegiate institutions...

MCKEON'S SULPHUR CARBOLIC ACID DIP. An anti-poisonous preparation for applying to Sheep. This preparation, of which the good effects are so well known and highly appreciated by the Shee-farmers in Australia, has been proved recently in this country with the most beneficial results, as will be seen by the following testimonial from the manager of one of the most important Establishments in this Province:— "In October 1870, immediately after Shearing, I dipped all our rams, which, at the time, were in low condition and generally scabby. I also dipped in February 1871 all the pure French Flock, and found in both instances that the result was to my satisfaction.

HEALTH AND HAPPINESS, BY THE USE OF BRISTOL'S SUGAR COATED VEGETABLE PILLS. These Pills have just acquired a widely extended reputation for their wonderful cures of severe cases of sickness—cases in which all other Medicines had failed, and which had been given up by Physicians as beyond help—such as constipated and long-standing Liver Complaints, obstinate cases of Biliousness, &c. But while admitting their wonderful curative powers in difficult cases, we wish to call attention to their great value in the every-day diseases of life, such as Constipation, for which they are a perfect specific; Headache relieved and cured by one dose; Indigestion always removed by them; and the stomach so toned and strengthened as to prevent a return. Bristol's Pills cannot exist when the stomach is cleaned by their use.

BRISTOL'S SUGAR-COATED PILLS. Purely Vegetable. For Loss of Appetite they are the only sure remedy, as they never fail in carrying off the depraved bilious secretions that fester in the stomach and destroy the healthy, natural craving for food. Sour Stomach, Flatulency, Elation, and all Derangements of the Digestive and excretory Organs, are promptly relieved and cured by them. The public should always bear in mind that Bristol's are the only Pills made of

Podophyllin and Leptandrin. The only vegetable substances yet discovered that are really Antibilious. To the presence of which invaluable resinoids the extraordinary success of Bristol's Pills may in a great measure be ascribed. It is necessary, however, that the sick should always remember that in all diseases that have their origin in the blood.

BRISTOL'S SARSAPARILLA. That best of blood purifiers, should be used with the Pills, the two Medicines being prepared expressly to act in harmony together. When this is done faithfully, we have the best foundation for the cure of all diseases, in most cases, a cure can be guaranteed when the patient is not averse to beyond human help. For general directions and table of doses, see the wrapper around each phial of Pills, or at different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that suits their system, and take that dose, instead of following any general rule.
