Bristol's sarsaparilla. Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years' experience. It is not a simple extract from one article, but a compound of extracts from a number of Roots, Herbs, Barkes, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases that have their source in the blood and humors; these different vegetable extracts are combined in such a way as to retain, in as full strength, the medicinal properties of each.

By having our own agents at the places where the various roots, drugs, herbs and plants, compared our most costly and valuable, we are enabled to procure that constant care in selection which insures uniformity of excellence, and we spare no money and no effort to procure the best and only the best of every article entering into their composition; and it is for the most abiding confidence we say, to be sick of all nations and all countries, that in Bristol's Sarsaparilla you have a remedy more reliable than any before offered to you, and which will not disappoint you in the cure of SALT RHEUM, Tetter, Scald Head, Syphilis, or Venereal Disease.

As a means of building up the constitution that has been broken down by the excessive use of stimulants, or the loss of blood, or the depletion of the system, or the want of food, or the want of sleep, or the want of exercise, or the want of air, or the want of light, or the want of rest, or the want of any other of the elements of health, this Sarsaparilla will be found to be a most valuable and safe remedy, and one that will be found to be a most valuable and safe remedy, and one that will be found to be a most valuable and safe remedy.
