Bristol's sarsaparilla. Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years of experience in the preparation of a simple extract from a number of Roots, Herbs, Berries, and Leaves, all of which are possessed of some particular virtue, or power in curing the diseases that have their source in the blood and humors; these different vegetable extracts are combined in such a way as to retain, in its full strength, the special curative virtues possessed by each.

By having our own agents at all places where the various roots, drugs, herbs and plants, composing our medicines, are produced, we are enabled to exercise the greatest care in selection which insures uniformity of excellence, and we spare no money and no effort to procure the best and most reliable material for our compositions; and it is with the most abiding confidence we say, to be sick of all nations and all countries, that in Bristol's Sarsaparilla you have a remedy more reliable than any before offered to you, and which will no disappoint you in the cure of.

Nervous and General Debility, Old Sores, Ulcers, Tumors, Abscesses, Boils, Eruptions, Scrofula or King's Evil, Painless Disenagements, White Swellings, Fever and Ague, Chills and Fever, & Dumb Ague.

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found most excellent, and can be administered with safety to the weakest patients.

REHABILITATION. As a purifier of the blood and humors, in the Scrofula or King's Evil, it is the most reliable remedy. It can be taken freely at seasons, rainy or dry. For some of the above diseases, the use of the Sarsaparilla must be continued a considerable time, especially when it is hereditary or constitutional in their nature—such as Scrofula: but a faithful compliance with the directions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly hastened by using our Bristol's Sugar-coated Pills, in moderate doses, in connection with the Sarsaparilla; they carry off large quantities of morbid or diseased matter set free in the system by the Sarsaparilla, and in this way facilitate the return to normal functional operations.
