The Ariadne, Pampa and Tycho Brahe entered port yesterday morning. The second has a batch of immigrants on board.

The weather finally cleared up yesterday. Thermometer 79, sun strong enough to shiver up the best 'cassor' in Mr. Sommer's shop; streets dry and clean, and things in general looking immeasurably better than in the beginning of the week.

The latest political 'canard' from Europe is to the effect that England is negotiating with Germany for the cession of Heligoland. The Teutons have about as good a chance of getting it as the Dogs have of Gibraltar, and that's not to say much.

Masked balls at all the theatres in town to-night. The last numbers of the Graphic and Illustrated News received are filled with the life and death of the Emperor Napoleon. The cuts in the former are magnificent; the latter reproduces in a special number all the principal incidents of the late Emperor's wonderful career.

Two Argentinians and an Englishman were arrested yesterday as being 'compos mentis,' and sent to Bedlam. The Tycho Brahe brings some interesting news from the States, which will be found in another column.

There was a row at the Retiro on Thursday in consequence of the railway station clock being fast, or slow, or stopped, or out of sorts, or something or other about 6 p.m. Several furiously hungry business men waited till half past 6 o'clock for the 6 o'clock train to start, but the more hungry they got the less sign there was of the train leaving.

The balance, 315 shares, were to be paid to the contractors in England and for that there was some difficulty about selling the shares in England, and the company gained £1,000 stg. by paying cash instead of shares, the account was paid cash.

The Province Bank to-day was very liberal in the way of discounts; all the broke got what they required. Money ruled very easy, and advances made at 1 per cent on bonds. The Saturday sale to-night for Montevideo, the Villa del Salto to-morrow, and the Silex on Sunday.

The Rosario Bank of Henry Cadmus and Co. has been dissolved by mutual consent as per notice. The firm here remains the same. An American merchant states that according to the United States Trade Statistics for last year the value of hide importations shows a falling off of 29 millions per cent.

The Port Captain of Rosario has written to Colonel Bustillos, begging him to send him up a boat of some kind, even a chery, for the service of the port, as he has not even a punt to go about in. Send up to Cordoba for the Elizabethan gondola; it is no use on the Lake there, and would look mighty imposing in what is chimerically called the port of Rosario.

Three steamers from Montevideo to-day and yet no mails. The Pampa, Ariadne and Tycho Brahe entered, but as none of the rivers steamer came up, the regular mail was 'non inventus.' It seems that the Saturday after all did not go down to Montevideo on Wednesday afternoon, she came up to port and prepared to start, but the passengers refused to go on board, so she had to remain.
