Yet this is the case with every sick person who resorts to Bristol's Sugar-coated Pills. They open up the sy tem while expelling its impurities through the proper channel. In cases of droper they appear to stimulate—the absorbents and to prevent the formation of water in the cellular tissues. The Government of Mr. Pi Margall had 173 votes against 16 in the question of putting all Spain under martial law; whereupon the Opposition mem bers left the Chamber, declaring they would stir up civil war in their provinces. It is untrue that barricades have been erected in Madrid, but the

Government prepares for the worst. The firm attitude of Pi Margall's Cabinet has produced some sympathy among the citizens.

There is some expectation of paying the covpons on the Home and Foreign debt in July. This is perhaps the reason why the Nat. Funds have risen although some attribute it to the ener

Important Auction OF THE YEAR.

Benjamin Nazar & Co. No. 154 CALLE VICTORIA

27th & 28th August, 1873.

130 Magnificent Improved bouillet Rams, especially bred and

and particul rly close.

These different degrees in the length and fulness of the stape in the different sheep have been specially produced, under select breeding, to harmonise with the different qualities of soil and herbage in various districts of the cames.

The importance of this breed, with its every tional qualities, is easily comprehended, through a reference to European markets, where the long, full, and bright stapled merino wools command the ready sale at the lightest prices, while the short week wools are a comparative drug.

The Rams offered for sale are 16 to 16 months old, with wool corresponding to that age. Also old, with wool corresponding to that ago. Also there will be included in the lots few select two year old Rams, with ten months wool on.

The whole will be on view at the Auction Mart of Mesers. B. Nazar and Co., 164 Calle Victoria, for three or four days previous to the Auction.
