NEW ADVERTISEMENTS

CHRONIC ERUPTIONS, from whatever cause arising, are the most obstinate of external maladies. The greatest difficulty in curing them is that it cannot control them. The iodine and bromide of that mineral, as well as corrosive sublimate, all heretofore given for gonorrhoeal and syphilitic eruptions, and diseases have failed to do so, and in all parts of the Continent physicians are curing the most confirmed virus in chronic eruptions on the skin with Broth's Iodine and Bromide. This medicine will greatly add to the removal of all eruptions, pimples, blotches, and they will carry off from the system the vitiated matter set free by the same process. No 19 - c - j - 18

ON Wednesday 19th, Thursday 20th, & Friday 21st Aug., At 12 o'clock precisely,

Messrs. B. NAZAR & CO. WILL SELL

150 Rams,

15 to 16 months old, with corresponding growth of wool.

These Rams are descended from the most select Stock of the

CABAÑA IMPERIAL DE RAMBOUILLET

Modified and improved under selection to suit the climate by natural pastures of the River Plata, by

WILFRED LATHAM,

Cabaña de Los Alamos.

The especial care of the Breeder has been to form and perfect a type in all respects adapted to the country and producing the most valuable class of wool in the greatest abundance, "all in temperance."

Pursuing this object, he has attained a staple and character of wool not approached by any Cabaña here or in Europe, and surpassing even the most famed flock of the most renowned Adelaide, Port Phillip, Gombing Merino Cabañas.

The Rams will be on view at the Auction Mart of Messrs. C. Nazar and Co., 154 Calle Victoria, for three days previous to the Auction.

NOTE.—The wool of Mr. Latham's breeding, or Ewo flock, [manejo en Campo] is well known in the Plaza Constitucion as being, in yield of fleece and in length, character and texture of staple, "sin Par."

LONDON LETTER.

(From Our Own Correspondent.)

June 18th, 1874.

The Buenos Ayres and Campana

Railway Co., limited, has advertised the

issue of 19,000 shares at £20 each,

the balance of £500,000 forming the

share capital of the Co.; the remainder

£400,000 being in debenture stock, the

interest of which is to be paid by the

£28,000 per annum guaranteed by the

Argentine Government for 20 years after

the opening of the railway. The

contractors, Messrs. Edwin, Clark,

Punchard & Co., guarantee a net mini-

um dividend of 7 per cent for the

first year and

inhabitants within the municipal radius, now there are three times that number. This wonderful development is due mainly to the extension of the Southern railway, and the establishment of a branch Provincial Bank. The latter works well, but great complaints are made against the Railway Company for their length of charges and shortness of steam.

The unemployed women of Buenos Ayres now number, according to our colleague the Comercio del Plata, 20,000. This unhappy state of things has been mainly brought about by the Government importing from abroad many ready made articles of clothing &c., which were formerly made here, and gave employment to seamstresses and others.

An accident that might have led to considerable smash occurred on Tuesday evening about seven o'clock opposite the Provincial Bank. A C.B.A. tram car was driving like mad towards the Plaza when one of the horses fell, the car going right over the animal, cutting one of his legs desperately; the other horse was knocked down by the sudden stoppage, and the whole concern was all of a heap.

We have had yesterday the privilege of inspecting numbers 33 to 40 of that unequalled publication "Picturesque America or the Land we Live In." They are the latest received by the agent Mr. Spence, of Standard Court. We have on many former occasions expressed our opinion of this superb book. Neither in respect of design, engraving, printing, or paper has anything approaching it (of its kind) ever been offered to the public. It stands alone.

The National Bank statement for the fortnight is at foot; it shows really splendidly for the bank. We learned to-day that the 50,000 pata, originally agreed to be paid to Mr. Haza by the National Bank subsequently reduced to 25,000 pata. The bank finally discharged the claim for 12,000 pata.

The London failure of Oppenheim & Schrader is attributed to a heavy rice speculation on the Indian famine. Private advices from Rio are most important 12th July. Coffee firm, entries small, price in States and Europe maintained, stock the other day 90,000 sacks reduced to 35,000 sacks and all low qualities; exchange steadily rising, expected to run up to 25 before end of year.

The last week the Northern Railway delivered to the wharf of San Fernando 25 wagons out of 36 which were demanded, a difference against the railway of 11 wagons. On three days four timber wagons per day were demanded, but not one was delivered, notwithstanding, these five timber vessels are awaiting discharge.

The mails from Montevideo to-day were important as regards produce and exchange; in our letter from that mark it will be found full particulars. The loss, it seems after all, will be done as far as the Montevideoan Legislature is concerned. It remains to be seen what will be done in London, where the business seems to be surrounded with difficulties.

At a debating society at Liberty, Wisconsin, one of the orators got so excited that a revolver in his coat-tail pocket went off and shot R. Tate in the leg. That closed the debate.

Victory y Suarez recomienda the immediate burning of the thousands of dead cattle now covering the camps. The advice is sound. If summer or even a hot spring should find these carcasses unburied or unburnt, the camp will be liable to the most frightful epidemic of fever or cholera. Mr. V. y C's warning is truly a word in time. Interesting articles on the cultivation of wine, rice, trees etc. make up the number.

A friend of ours saw the other day a ruffianly cartman trying to knock out his horse's eyes with the handle of his whip, and remonstrated with him on his brutality. The savage immediately raised the whip, with the intention of flooring our subscriber; but he with a coolness worthy of King O'Toole, clapped his hand into his breast pocket and kept it there, uttering in grave tones the words 'cuidado amigo!' The cartman disappeared in the twinkling of a lamp-post, evidently thinking there was a revolver in the breast pocket. There was nothing more formidable in it than a bundle of old letters and a receipt for last month's subscription to the STANDARD.

Terrible state of affairs in the Mount! A 'cronista' boy has been challenged by a 'cajista' boy in the same office. Don't let them fight for goodness sake, or if they must, give them a bladder each and let them hammer away till they burst, or their papas have time to fetch a cane a piece.

VERY LATEST. Correspondent to STANDARD Montevideo, July 16, 6.30 p.m. Sarmiento, from Portland, ashore at Flores Island. Expected to be got off and in Buenos Ayres on Saturday.

ON 'CHANGE. July 16th, 1874. Ounces 400. Pata 1224. Nat. Bond 73. Cédulas 80.

The Colaba market ruled very quiet, and the only novelty was that in the liquidation a well-known exchange broker entered, and bought up 100,000 for the end of the month at 80; later on 40,000 were bought for August at 80 1/2, and 20,000 for December at 80 1/2; in fact, the market in liquidation rules much more active than at two o'clock.

There was great anxiety to learn the news from Europe as it was known that one party had received a telegram from London on 12th July, but no man could tell the news; it was said to be political.

The non arrival of the Boyne at Montevideo to-day caused great concern; up to closing hour nothing was known about her. Telegrams can be sent to Europe in the morning by her. Captain Kite, the very popular commander of the Hamburg steamer, was warmly welcomed on 'Change; he sails on Sunday.

A judicial sale of a decent dwelling house in Calle Cangallo, near Uruguay, has been held, the premises were ordered to be sold under execution without any valuation and for whatever they would fetch, 8 1/2 x 70 with ten room house, knocked down for 236,000 m/c.

There is a great stir in dry hides, and one English firm is buying up at the rate of 10,000 hides per day; stiff business this. The sales to-day were: Cédulas For cash 20,000 80. End month 20,000 75 1/2. Do 10,000 80. Aug 31 20,000 80 1/2. Sept 30 20,000 80 1/2. Nov 30 20,000 80 1/2. Dec 31 20,000 80 1/2. Mr. Cathcart, of the Daily News, has been named agent of the largest Show Card firm of London, and expects samples by September. This will be a new line of business in this market, and we doubt not vastly more remunerative than newspaper editing.

For the third time Messrs. Silgas and Ferrando's salted hides have been pronounced the best of the River Plate 'shams.' Messrs. Barbour and Barclay were the winners. Exchange was done freely to-day for the La France and Sud America. English bills, 48 1/2; on France, 5 1/2; on Genoa, 6 1/2. French gold is in demand.

The National Bank statement for the fortnight is at foot; it shows really splendidly for the bank. We learned to-day that the 50,000 pata, originally agreed to be paid to Mr. Haza by the National Bank subsequently reduced to 25,000 pata. The bank finally discharged the claim for 12,000 pata.

The London failure of Oppenheim & Schrader is attributed to a heavy rice speculation on the Indian famine. Private advices from Rio are most important 12th July. Coffee firm, entries small, price in States and Europe maintained, stock the other day 90,000 sacks reduced to 35,000 sacks and all low qualities; exchange steadily rising, expected to run up to 25 before end of year.

The last week the Northern Railway delivered to the wharf of San Fernando 25 wagons out of 36 which were demanded, a difference against the railway of 11 wagons. On three days four timber wagons per day were demanded, but not one was delivered, notwithstanding, these five timber vessels are awaiting discharge.
