EDITOR'S TABLE.

Hip, Hip, Hurrah! Through telegraphic communication with Rio and Europe! At noon yesterday the first direct telegrams were flashed between Buenos Ayres and Rio.

The latest discovery reported in Cordoba is an emerald mine. Why not make it diamonds, or rubies, at once? We prefer the 'ounce' mine in our back patio to half the mines in the country.

Don Anacarsis Lanus has published a graceful note of thanks for the numerous proofs of sympathy and friendship he has received since the night of the recent dreadful outrage at his house.

The principal 'asuntos' before the National Deputies at their last sitting were the new National Hypothecary Bank, road bills, a Mint Bill, and a proposal to let Mr. Domínguez de Oro draw up a Mining Code.

We had a letter from San Antonio de Areco yesterday, announcing four men arrested for the murder of old Mrs. Celis. The writer says that such is the excitement amongst the people that it is more than probable the assassins will never leave Areco alive.

The people of Caraguatá, a town in Tucumán, B.O., lately attacked the Police Office, and tried to Lynch a Commissary; he escaped with a broken arm however.

The magnificent steamer Leibnitz, Captain Hairby, arrived in port yesterday. She sails homeward again on Sunday, the 9th, taking the mails.

President Sarmiento had a host of distinguished visitors yesterday to congratulate him on the anniversary of his birth. A military band discoursed sweet music in front of his house during the day.

On Friday last, Mr. and Mrs. Macindoe, of the new English Academy, Chascomus, gave an entertainment to their pupils, which we feel convinced our little friends will long remember.

ciates, Italian Chargé d'Affaires. The grandest festivities in his honor are preparing, and will include a banquet to be given by President Sarmiento, a breakfast at the Cafe de Paris by Signor Lanciare, a dinner for 1000 covers at the Colon Theatre, a State visit to same, visit of His Highness to the President, grand reception by the Duke of the Diplomatic Corps, etc.

We have received from a leading subscriber a very complimentary note on the Variety Show of Monday night, but are obliged to hold it over to our next issue.

The Argentine Squadron. We received yesterday from the Argentine War Office the following complimentary note: British Legation, July 31st. Monsieur le Ministre,

I have the honor to request that Your Excellency will have the goodness to convey to the Minister of War and Marine my thanks for the courteous and hospitable reception accorded to me by the captain and officers of the Argentine gun-vessel and training ship General Brown, and to express to them the high opinion entertained by the English officers of the efficiency of the naval cadets and of the admirable manner in which the training is carried out.

I beg to assure Your Excellency of the pleasure with which I witnessed the manoeuvres on board the General Brown, and to avail myself of this opportunity to renew to Your Excellency the assurance of my highest consideration. L.S. Sackville West. To H.E. Dr. Tejedor, Minister of Foreign Affairs.

Chascomus. On Friday last, Mr. and Mrs. Macindoe, of the new English Academy, Chascomus, gave an entertainment to their pupils, which we feel convinced our little friends will long remember.

The children after partaking of the many good things that were provided for them at the tea table were highly amused with the exhibition of a magic lantern, judging from their happy faces and hearty laughter during its display.

It was really pleasant to see the little children dancing with, perhaps in many cases, more gusto than skill. During this happy evening many of the old English games, such as 'Blind Man's Buff,' &c. were played with great delight.

THE ARECO MURDER. San Antonio de Areco, July 25th, 1874. Dear Sirs, As I have never seen published in the STANDARD those murders that have been committed in San Antonio within two years back, please to publish the atrocious murders that have been committed here on the night of the 24th inst.

The wind up of the Bols meeting and the interview of the Committee with the Governor is considered to be eminently satisfactory, and a repetition of the same old inevitable 64, 50, which nothing can disturb, the suggestion of H. E. to the members of the Bols to join the whole business, as there is a vein of originality in the advice of which no one who knows the Governor would have ever thought of accusing him.

The Mortgage Bank advertises an auction for the 18th inst., the property foreclosed is situated on the Calle Larga, Barracas, and close to the Alzaga Chapel; it was put up for auction last month, but as there was only one bid the sale was suspended, the property is well situated.

The Montevideo papers are parading the impendency of their nation, and frightening us all in this market with long leading articles on the Government deficit and the done-up state of the London loan. It would be just as well for our Orient-1 colleagues to keep quiet on this subject, since things are improving here, and possibly things also. All the Montevideoans that we so industriously welcome on 'Change seem to be in the very best of spirits, and positively to judge by their appearance one would say that hard times agree with them.

It has never yet been known the extent of the lands and houses sales in this market in the year 1872. This speaks for the slowly way things are done here, a matter of such moment should not be left to guess work.

DEATH. On the 29th July, 1874, in Calle Cangallo, Buenos Ayres, Annie Thomlinson, sister daughter of Thomas and Mary Rigby, aged three years.

At 5 p.m. the Government decreed was out, but about the balls and opera performance there was somewhat of a haze. In discussions to-day we heard of Trade pagares done at 9 per cent, first class, and the following amounts put on stocks: 33,000 pata. on Cédulas at 3, at 9 per cent. 20,000 pata. on fondos públicos at 70, at 9 d. The through messages were received to-day they said from Europe, we belie one was to Mr. Olthoff as for business telegrams, of course nothing came or went.

A special meeting of the shareholders of the Platino Brazilian Telegraph Company is called for the 6th inst. Mr. W. Wilson took leave of his friends on 'Change to-day, he goes to Europe in the Lusitania, down to the Mole stairs Mr. Wilson was accompanied by a crowd of friends, and even in the boat he was enveloped.

The opening of Mr. Olthoff's box of proffered beef at the St. Patrick's Society rooms to-day gave most unfavorable results. The meat was apparently sound; it was certainly not rotten, but it had a most disagreeable smell, and looked more like preserved old boots than beef fit for human consumption. The sample was certainly about the worst we have ever seen.

In a few days the new immigration law will be laid before Congress. The scheme is a splendid one; it will make for emigrants the passages from Europe to the Plata the same as at present they are to the States.
