Max Havelaar BY MULTATULI.

It is difficult to say whether Max Havelaar is more interesting as a novel or powerful as a political pamphlet. From either point of view it is of rare and first rate excellence.

The story is remarkably clever, a touching, pathetic, grotesque and satirical humor overflowing on every page. It is unlike any other book that we have read.

A more stinging satire for the lower portion of the Dutch coast, hardly so conceived than that embodied in the Amsterdam coffee book or Batavia Draytable, (who stands out as one of the most remarkable embodiments of money grubbing Pharisaeism which literature has yet produced).
