**Artists, Artists, and
Apprentices.**

There are now more than one thousand
in the city, but I believe,

More Extensive & Expensive
than any that has ever been seen
been presented.

An indication of the expansion
in which the exhibition is held is
the large amount of money and

that has been expended in the

construction of the building, the

exterior of which is a

copy of the Pantheon in

Rome, the interior of which is

more extensive and

expensive than any

that has ever been seen

in the world.

informed their own brethren that they

have established a hospital immediately

adjoining the church of

Merry Hill, and that the

young and sick girl is the

eldest of the children, will receive

the best care and attention.

The patients are to be

admitted at any time

and kept at the hospital until

they are fit to leave.

Subscriptions will be gratefully re-

cived and acknowledged by the

Sisters of Mercy, who are

desirous to assist them

in their efforts to

enable them to complete the

hospit al.

In addition to the best medical

care and treatment, the

consultation of receiving all the
