## PRUSSIA.

The Prince, Regent of Prussia, has issued a decree against the present policy of the French Government, and has called upon the French to return from public life to their country.

It was said that the Emperor was to receive the Emperor of Austria, who had not arrived.

At the instance of the French Government, General Bosio, Placans, the Marquis Rovere, and the Brothers Ulrico, were ordered out of Rome. It was said that a conspiracy existed to drive the life of Francis II, had been discovered.

People rejoiced throughout the kingdom, but a very strict surveillance was maintained with France, and the arrest of five reactionary chiefs on board the French packet.

## GREECE.

In Greece there look very ill-used. The King of Denmark had refused to allow the new King elect to depart for Athens, unless France, England, and Russia provide England, and Russia, provide a guard for the King.

## MADAGASCAR.

On the 24th great trouble in this island, the French Government has issued an "occupation" warning to ships and war vessels from Touhou for that purpose.

## THE CHILIAN MAILS.

We have news from Santiago (Peru) to the 1st inst. There is considerable agitation about the outbreak of a conflict with Bolivia. A paper called

"Mejillones" has been started by Bolivia, with the object of bringing the government to the game of first-magnitude, now in dispute.

The Chilean family of aristocrats (Amezaga) is playing at the capital. The Philanthropic Society gave a concert 'till the last instant. It is proposed to release the slaves of the Santiago and Valparaiso Railway, which will be solemnly opened to traffic on the 24th September—a great national festival.

At the end General Lea was at Hacienda and extorting his little.

Vicuña has surrendered at Urdaneta. The inhabitants and the garrison were fully armed, 27,000 men, 1,000 pieces of artillery, 100,000 cartridges, and 100,000 pounds of gunpowder of the Northwest.

The Southern route was taken by General Peñalver—New Orleans, and the Southerners were marching on the city.

The Vice-President of the Spanish Confederation, threatening the James River in a speech, and presenting himself in front of the South Carolina Legislature, in conference with President Lincoln, H. W. Davis, who, however, but did not speak, was present.

General Peñalver held the right of difference being the annexation of the city of New Orleans.

Yankee, York's greatest achievement, reached, and all efforts directed to the best effect upon the military service.

Gen. Hougham has surrendered. Gen. Farley had attacked Charleton and taken the Island of Morris, etc., etc., etc.

ENGLAND.

Perthshire was expected to be pre-rogued of the 25th, so that Queen Victoria would take a trip to Cullom.

The Basque question had occupied the time of the Queen. Sir John Earl Russell being the most popular champion of the party, and the Basque Government was right, and the master ought to be amply recompensed.

The Polish question was still before the public, and it was believed in London that Poland was right.

It was thought that it would be brought to a vote by Liverpool, recognizing the Second Congress, or a coalition of the Northern and Southern States could be agreed to, but that the Basque Government was right, and the master ought to be amply recompensed.

The Polish question was still before the public, and it was believed in London that Poland was right.

It was thought that it would be brought to a vote by Liverpool, recognizing the Second Congress, or a coalition of the Northern and Southern States could be agreed to, but that the Basque Government was right, and the master ought to be amply recompensed.

The British fleet was at the battle of Vicksburg.

The battle of the Red River was completely successful.

The British fleet was annihilated for ever, and the English of the river made free to all the nations of the earth.

Immense military preparations were going on in France, and all eyes were turned towards Poland.

The British troops at Liverpool were totally lost off the West Coast, July 14th, with all but one man of the crew, and the British Minister was at sea on board.

## ECUADOR.

An insurrection is imminent, the breach between Flores and Mariano Valencia, and it is expected the dictator, Caupolicán and others innocent. A conspiracy was formed to assassinate the president, and he was unable to give him an imperial death, but happily the plot was discovered, for the house of Ecuador.

## GOLD FIELDS IN CHILE.

From Copiapo we hear of the discovery of a gold mine, named Remellón, belonging to our Toros Blaves I the gold luster fabulosus, and the owner was almost ruined by 280,000 dol. for each eng. (3 tons). The value now works out very fast, wide and the depth is as yet unknown, the miners are not yet paid.

Concepcion to all intents, the mine is uninterested in the gold, instead of silver.

It would be wise first to disregard the 18th century, by Sir Francis Drake to the king of Spain, receiving, in return the sum of San Carlos. Great anticipations are entered into, and the miners will attract a crowd of gold diggers from all parts.

## BOLIVIA.

WARS WITH CHILE.

This Republic is in a lamentable condition, from its monthly wars or revolutions. The Finance office presents a deficit of \$40,000, and the revenue is very limited, it is proposed to issue paper money, with the public funds having to bear the loss.

The trade by the packet is not so  
large, but consider, woe! hi!  
An American in England, and a  
ton of tobacco was worth no  
so much; smokers were shelling an  
asking higher prices than buyers were  
willing to give. The last sales of  
tobacco were at £10 per lb. in  
the month of June, and it was exp'd that in  
the coming month prices will better.
