### THE JUDGER ROW.

Judge Dominguez, it is said, will resign his appointment as Supreme Judge, if the Judges of the 1st In-Governor Saavedra sees now his mistake The Cabildo is at a stand-still, nothing doing. If new judges are appointed, convenienced, as it will take the new indres six months before they can read up the pleadings in the different suits Dr. Rouin has sent in a percuptors resignation, which Governor Saavedr and Minister Acosta have declined to accept. The present judicial scandal caused by the appointment of Sr. Do caused by the appointment of Sr. Do-minguez, even exceeds the row amongst the monks of San Francisco. The tol-lowing is a translation of Dr. Eguia's resignation—
"Having just seen published, the decree of the Government appointing

### THE SAN RULE MINES

Major Rickard paid us a parting isit yesterday, as he leaves to-day, i the Payou, for Rosario. He is accompanied by his lady, brother-in-law, and eight English mechanics, for whom he has engaged two coaches to make the journey over the Pampas. He has an order from the War-office for any except up to 100 men, which he may deem requisite. Thus one detachment will attend him from Rosario to Villa Nueva a second thence to Rio Cuarto, a third to San Luis, and a fourth to M where a company of the Sun Juan Rifles will await their distinguished commander to escort him to his adopted

### MAILS FROM THE INTERIOR

The ' Ferro-carril,' 18th inst., brings dates from Jujuy Sent, 13th, Salta 19th San Juan 20th, Tucuman 1st inst, and Cordoba 13th. There is positively no news, the Chacke remaining unmolested at his head quarters, Valle Fertil, where he is fattening his horses, in prepara tion for a new and vigorous campaign cows and horses being declared munitions of war. Two meetings had been held on the 26th Sept. by the principal citizens, at Government-house, devising the best means to defend the town against the rebels, and offering to conagainst the redess, and diering to con-tribute liberally if the penalties on horses were relaxed. Governor Sar-iniento now declares his auxiety to make peace, lest "all be lost in the whirlpool," ut states his inability to accept Peña loza's terms.

On the 21st inst. Fidelix a reared in

Next day a band of 14 Oriental and Brazilian vagrants under a fellow calling himself Ensign Villagran, presented themselves as recruits, whereupon Fidelix ordered them to make a circuit of the neighborhood. These ruffians accordingly assumed the various larm-houses, breaking open the doors at mid-night, in search of fire-arms, abusing night, in search of fire-arms, abusing and carrying off the peons, besides ap-propriating whatever horses they re-quired.
