## EDITOR'S TABLE

To-morrow, at three o'clock, the secting is to be held at Mr. Kirk's revidence to raise subscriptions for the United States Sanatory Committee We hope to see a good attendance.
Mr. Samuel R. Phibbs, who is, withat exception, the most indefetigable friend of the River Plate in England. leaves to day for Rosario. We understand, that this gentleman purposes going over the line of route of the Argentine Central Railway, in order to draw up his report for the Board of Directors, on the nature and quality of the lands adjoining. Mr. Phibbs, ever anxious to do some good for the country which he so ably represents in Liverpool, is determined to see for himself the company's lands in Santa Fe and Cordova, and notwithstanding the inelemency of the season, has undertaken this toilsome journey. We have not words enough to praise this gentle. man's zeal in everything which tendto advance this country, and only wish that we could get a few more such Europe. The Civallieri failure has given ri-o

to some nice points in commercial law, which, by common accord, have been dec.ded in the 'Standard' o'lice A communication was sent to us to-day on the subject, but as the contents were rather personal, and contained charges against parties above surpicion, we cannot allow the 'Standard' to be made a police officer's charge sheet. We are open to discuss points of law, but not a man's private cheracter.

Mr. Wells called upon us yesterday.
