PALLYERS ALBUM, No 3

We must congratulate M. Palliero on, his present number, which is much improved in lithographic execution and comprises two very pretty and charac-teristic pictures of life in the Argentine

A Halt on the Pampa shows in the foreground one of those barbarous but picturesque vehicles called 'carretas, beside which the owners, a group o five gauchos and two women, are ma king bivouse: The hour is near sunset and they are preparing the evening meal, an 'asado' stock on a spit in the midst of burning embers, around which they sit, Turkish fashion. The bullocks disputes, arising out of retrospective we turned loose to graze, but one of then is lying down, overcome by the day's iourney, and a dog seated behind one of the 'paisanos' contemplates with evident interest the culinary process of this diner sur l'herbe. It is the bright side of gaucho life, and the little circle seems so contented, that the effect is highly pleasing; and we fancy those who advocate the extermination of the gauchos might turn those simple of the gasehos might turn there simple people to much daranage by bringing to bear on them a proper system of odcuction laws, and religion, things at present compartisety unknown to the control of the

### The Production of Wool in

World."

[Franslated from a work published in Germany, by Mr. M. E. Gronord.]

Last year a similar work was published, headed with the same title which, however, failed to convey the author's ideas on the subject. Notwithstanding the want of success, the present author, at the constant on treatles of the editors of this p more competent should give further information on so interesting a subject, at once resolved to publish the follow-

The first; refers to the quantity of wool in the world; the second, to the dif-ferent qualities; the third, to its conenuntion .

ool, and more particularly sheep's wool, from times remote, has ever been all civilised nations, owing to the with which it is manufactured, and its facility of taking all colors of dye; and, lastly, its great durability. As far as history traces, we find a lively interest taken in the breeding of sheep; also the Bible, and many class cal authors, make mention of this fact. How ever, we hist ourselves to Columella, who, in his 'Seventh Book,' gives

who, in his 'Sweenth Book, giver rules on the case of sheep, which even now are considered valuable. The great care which has always been bettowed on animats producing wood, or our days, and has aprung with our race and grown with our civilitation. Asis produces the finest goat's wood; Asis produces the finest goat's wood; and the produce of the considerable position in the commercial words. Asis Minor is renowned considerable position in the commercial words. These presents the commercial words are the considerable position in the commercial words. These presents there did Phenometers of the Ph world. These places distinguish themselves, as in accident times did Phasis, eview, as in accident times did Phasis, production of wool has spread with the growth of civiliation, and where formerly it was limited in the Old and the New World, on a part south of the Equator. Now sheep are found on the New World, on a part south of the Equator. Now sheep are found on the New World, on a part south of the Equator. Now sheep are found in the New York of the Equator. In the third of the Equator, the state of the purpose. From these facts, we can say that in two large circles week surround the globs, which was the contract of the Equator. In the Tropics, and in Tropical countries, and in Tropical countries, and in Tropical countries, and in Tropical countries where the ground a cleavated and these remarkable. In the Tropics, and in Tropical countries where the ground a cleavated and the same and the state of the tropical countries and the same and the state of the tropical countries and the same a

(To be continued.)

### The 'Tribuna's ' Mesa de Redac-

cion,' or in other words, the new Edit-or's Table, which they have started in soon to break down from the quantity of papers on it, for every morning, now, we remark that the editor complains of the piles of papers before him. would the poor fellow do were he is the 'Standard' office, where, besides communicated articles, complaints a gainst drunken policemen, attacks on Mr Cazon, appeals to Heaven against the Municipality, we have cotton all the chacras in South America, fossil whald bones, Fray Bentos gold, sam ples of wool, and, last of all, letters from shoon farmers in the camp. Sor. Varela would take the first steamer for Paris if he was obliged to take

The mud, the dirt and filth of the streets of Buenos Ayres, buffle all description. The old inhabitants of Bu enos Ayres managed formerly to keep the city clean, but now we have got into a sort of muddy prosperity, and on one of the Municipales being remon scandalous state of the streets, he an arrayed that for him nothing was more pleasing than to see mud in the streets, as then there is no 'apidemia' in the camp, also it was better to see the mid than covered

has been toned in the Hiras Plat ageous enough to cross it. Even Mr. Wells, who offers to cross the continent in a balloon, would not attempt to cross Calle Belgrano in front of the 'Stand ard' office.

It is with sincere pleasure th see the National Government doing something to aid in educating the chil dren in the interior provinces. Presi dent Mitre has decreed to the following provinces the following sums: To Bioja 4,000 patacons; to San Luis, 4,000 pat acone; to Catamarca, 3,000 pataco to Santiago. 2,000 patacons, and to Jujuy, 2,00) patacons. We hope good care will be taken that this money will fall into the hands of the school-masters, not the politicians, for otherwise it is but throwing away the public funds The lamentable state of ignorance in The lamentable state of ignorance in which the children are brought up, not only in the interior, but, positively, in this very province, is incredible. Not one native in fity in the camp knows how to read and write. Compalisory education must in the end be resorted

First price to-day, 29 Last 29 10 Cash soles, 32,151. TIME SALES

For Saturday June 30th Sept. 30th Aug. 26th 8.000 28,950 5,000 5,000 July 31st

We notice in exchange transactions, some bills done at 492, payable on the 30th inst. We believe both of our private banks are drawing at the same vates.

Business is not to say good on the Husiness is not to asy good on the Boles, from what cause we know not. Produce is scarce, specie there is little done in, and now the brokers are trapp their heads to land sales. We notice the sale of three lesgues of land on the line of the Central Hastleys, about fifteen lengues from Hosario, at 2000 pata, a lesgue. We look upon this as a splendid investment.
One of the shipbrokers has, we per-

pass. a legace. We look upon this as a spinned in architecture that, we per a spinned in a spinned currency was hopolets until the former was diminished and the latere increased, was adminished and the latere increased, try, but have died to be a support of the country to the support of the country to the support of the country to the support of the support of the country to the support of the support
