The ROYAL is remarkable; for the promptinude and liberality of its settlements: for the largest life bonuses (£2 per cent per annum) ever continuously declared during 15 years by any Co.; for the enormous extent of its transactions, abeving £500,000 in new life assurances for 1862, and a Fire rovenue of £300,000 per annum; for its recurity, which has given rise to the proverb "as safe as the koyal;" for the accumulated funds in hand, over ote million sterling; for its annual income, over halfamillion sterling; for its annual income, over halfamillion sterling; and for the correct calculation of its mortality tables. #### EDITOR'S TABLE

The steamer arrived at last from Montevideo on Sunday morning. It appears that the delay of the "Tevere" was caused by her having to go to Co-Ionia. On Sunday morning the Post was crowded, everyone being anxious to hear from the Mount. The newspapers have nothing very particular in them, but by parties arrived we hear that Señor Barbolani las returned to Montevideo with new terms of peace. drawn up by Flores. There is a poss ibility of peace.

The American Sanitary Commission benefit at Colon netted 35,000\$. We have not heard what the amateur the-

atricals realized.

There is a grand concert talked of in Montevideo—it will shortly come off. The performers, it is said, will be some forty young Germans and twenty Oriental young ladies. We have not heard the object of the proposed con-

We regret sincerely to state that the popular Captain Price, of the "Pavon," has left that steamer. Captain Price is, without exception, one of the best ptains we ever had in the Parana. Kind, urbane and attentive, the river passengers will feel his loss; and for punctuality in starting and arriving he was second to none in the river. We think the public will agree with us that the Company will find it difficult to get another equally qualified to take his

The steamer "Villa del Salto" came down the river the other day with all the men and arms belonging to Fray Bentos; she put in some place about Higueritas. Passengers, who have comedown from the Uruguay, state that it was rumored Flores was about to attack Mercedes, and that the Governnent troops were making trenches, etc.

On last Saturday, we are told, a sad accident occurred of the Boca Railway. Two men were close to each other, working with pick-axes, and unfortu-nately one raised his pick turning round, and struck the poor man unintentionally, wounding him in a most horrible manner. He was at once conveyed to the hospital, and there is every chance that he will recover.

The frequent attacks in the newspa .1 in Congress, on the officers in , are causing a great deal of illnd we think that our reformers might begin nearer home. If the offi-cers who are stationed on the frontier suddemy become estancieros, etc., we, for our part, say, small blame to them. Besides, by their settling, with their families, on Government lands they do a great service to the country. It is unjust and improper to make the men who risk their lives in our defence the who risk their lives in our defence the butt of every splenetic attack of ine butt of every splenetic attack of ine comparity occurred in Engperienced Deputies. BUENOS AYRES:

BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence. The Bank of Mauá and Co. in Montevideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that most important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally intended in putting their savings out at interest, thus providing themselves with a reserve fund, is eo fneed, sickness, or old age, instead of spending them in the immoral gambling, in to es, and other frivolities.

The Benk of Mauá and Co. of this city, following the noble example of their firm in Mo. video, now offer the same facilities in this city, and will open a Savings Bank at No. 103 Ca'le Caugalio, from Nine am till Three p.m on Week Days, and on Sundays and Holidays (from Tenam to Twelve m., for the reception of the savings of the classes already mentioned.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.
