Mahon, Capilla del Señor, June 29, 1881.—The dip which you sent me I used according to directions, and I can assure you that it gave the desired result. During four years of practical experience of curing scab in sheep, I have seen many specifics used, and I consider Gilliard's the only one that gives complete satisfaction. It improves the quality and promotes the growth of the wool. For efficiency, economy and facility of application, I prefer it to any dip I have used. From Mr. James M. Thomas, Estancia Santa Ines. At present the Indian position strikes one forcibly as if the savages had outsmanœuvred the Argentine troops by frustrating their attempts to drive them over the Limay, where they would have been forced to remain. The gravity of the situation may be gathered from the fact thatin the Cordillera there are twelve thousand Indians 'de lanza,' as they are called-that is to say 12,000 fighting-men. Three thousand Argentine troops advance against them, and the results can already be anticipated: unlike the Ranqueles, they will take to their heels into Chile and try their fortunes with the Uhilian Indians until another opportunity is afforded to them to advance into Argentine territory. Let General Roca act with Ohile and in six months there is an end to the sons of the Aucas.

"To the Editor of the Money Market Review,

"Last month a correspondence took place in the columns of the Times about the redeem. ability of these Bonds, some contending that the Argentine Government could pay them off at par when they like, while others, including the acting Consul-General of the Republic, cited the law of October, 1876, under which they were issued, and according to which it is only by tender "por licitacion" that they can be redeemed. Nothing was said about annual drawings, and I am, therefore, rather sur-prised to find on the bonds which I have recently purchased the following .- " Pagaderos con el 9 per centum de renta y 4 per centum de amortization anual con arregio a la Ley de 19 de Octubre de 1876 " which in English means :- " 9 per cent. interest and an annu drawing of 4 per ceut, according to the law of 16th October, 1876." Perhaps some one of your readers who has seen this Law may be able to explain why, with this provision on the face of the Bonds, there should be any talk about their being paid off at par. The Argentine Government having a reputation for honesty to lose, will surely not go and pitch it away by over-riding an old Law by a sew one. I should also like te know if the bove annual drawing has ever been made, and if it continues to be so. 1 am, &c., "BONDHOLDER." HOWARD'S CELEBRATED Howards' Self-Acting Horse Rakes, New Patent Simplex Mower. Howard's simple brake principle is so instantaneous in action, that all the contrivances introduced by others for effecting the same object are in comparison stut co licated expedients. OO, 18 teeth, 42 in. wrought

weight 5½ cwt...... OOO, 28 teeth, 46in. wrought wheels, 8½ feet wide, With two Knives, Spring Seat, and Tool Box, containing all requisites for use in the field, weight 6 cwt..... weight 6 cwt.....

J. & F. Howard's Simplex Mower is on of the lightest machines ever produced. It is rom its construction remarkably strong, and

ting the heaviest crops, but of standing the roughest usage. J. &. F. Howard's patented principle of open gearing is adopted. This gearing, among other advantages, is light in weight, of great strength, and not liable, as other gearing, to get clogged with the out grass, there being no cogs to eatch it, and no shield therefore is required.

sible wearing parts, its value, capecially where ropairs are difficult to execute, can hardly be overstated. The experience of several hard vests with large numbers of these Machines, both at home and abroad, and the distinguished place they have obtained in public trial fields, have fully demonstrated their superiority. With two Knives, Seat and Teel Box, containing all requisites for use in the field, weight 10½ owt

along tolerably well. Thanks to the advance of chemical science, this last desideratum is not so difficult to obtain as in times past, for with a good supply of BORWOIK'S BAKING POWDER, even Robinson Crusoe himself might have produced the whitest and most palatable of bread, to say nothing of cakes and pastry ad libitum, and would doubtless have onded by opening a pastry-cook's shap upon his desert island. Collis Browne's Chlorodyne (Ex Army Medical Staff)

IS THE ORIGINAL AND ONLY GENUINE. CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Brown was undoubtedly the inventor of Chlorodyne; that the story of the defendant Freeman, being 'the inventor was deliberately untrue, which he regretted had been been been supported by the contract of th sworn to. Eminent hospital physicians of London stated that Dr. J. follis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean acother than Dr. Browne's.—See Times, July 12th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne

This lavaluable remedy produces quiet, refreshing sleep, relieves pain, calm the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of Jpium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.
CHLORODYNE is admitted by the profession to be the most wonderful as valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bron-CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhosa, and is the only specific in Cholera CHLORODYNE acts and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

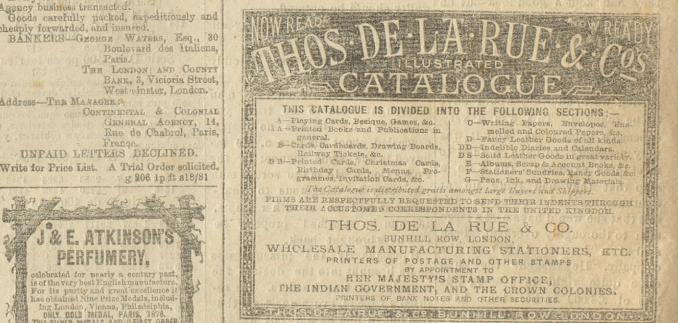

CHLORODYNE is the only palliative in Neuralgia, Rheumatism. Gout. Cancer, Toothache, Meningitis, &c.

Hrom Symes & Co., Pharmaceutical Chemists, accided Hall, Simla, Jan. 5th 1880. To J. T. Davenport, Eq., 33, Great Russell Street, Bloomsbury, London "Dear Sir, we embrace this opportunity of congratulating you upon the wide-speed reputation this justly-esteemed medicine, Dr. Colars Browne's Catloroune, has carned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian hone! The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad intuitions of the extraord surveits and of the Colars Browner's tiply instances ad infinitum of the extraordinary efficacy of Dr. Collis Browne's CHLOBODYNE in Diarrhoes and Dysentory, Spaems, Cramps, Neuragis, the Vomitting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleratic Diarrhoxa, and even in the more corrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Brownes, from a We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, sir, faithfully yours, Symes & Co., Members of the Pharm, Soisty of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

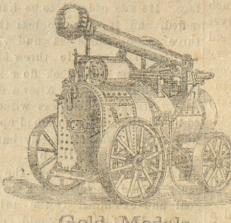

OAUTION—None genuine without the words 'Dr J Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
