"PLOUGHS" "PLOUGHS" Messrs M. Forrester & Co.

Beg to announce to the Public that they have lately introduced into this country with great success the Celebrated Two and Three Furrow Ploughs

Messrs. HOWARD These WROUGHT IRON PLOUGHS fitted with breasts and shares of steel, have been extensively used in the Provinces and are destined to supersede the light and filmsy wood implements made by the Americans.

By means of a simple hand lever the onward movement of the 'mimals raises By means of a simple hand lever the onward movement of the 'mimals raises the plough out of work at the ends, thus saving the driver the usual hard lifting connected with ploughing. ENGLAND ing connected with ploughing.

The two Furrow Plough is drawn by a pair of bullocks, thus doing double the work of a single plough and still with only one man.

These "Multiple" Ploughs are now almost universally employed in Australia and South Africa, and in recommending these implements Messrs. For ester & Co feel confident that they are well adapted to the requirements of the Plate.

In order to procure these Ploughs orders should be sent in at once or disappointment may be incurred.

Dysentery, Cholera Fever, Ague Coughs, Colds, &c. Dr J. Collis Browne's Chlorodyne

(Ex Army Medical Staff) IS THE ORIGINAL AND ONLY GENUINE CAUTION-Vice-Chancellor Sir W. P. Wood stated that Dr J. Collis btedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regret ted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr Browne's—See Times, July 12th 1864.

The Public, therefore, are cautioned against using any other than Dr J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates health action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively. CHLORODYNE is admitted by the profession to be the most wonderful and va-CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, CHLORODYNE effectually checks and arrests too often fatal diseases Diphtheria Fever, Crup, Ague.

CHLORODYNE acts like a charming Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpita-

tion and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simia, Jan.

5th 1880. To J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London—"Dear Sir, we embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine, DR COLLIS BROWNE'S CHLORODYNE, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better in Flast. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad infinitent of the extraordinary efficacy of DR. COLLIS ROUMET'S CHI OPDODYNE in District. will be but evanescent. We could multiply instances as infinition of the extraordinary efficacy of DR. COLLIS BROWNE'S CHLORODYNE in Diarrhoea, and Dysentery, Spasms, Cramps, Neuralgia, the Vomitting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleratic Diarrhoea, and even in the more terrible forms of Cholers, itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm convicts on that it is decidedly the best, and also from a sense of duty we owe to the profession and the decidedly the best, and also from a sense of duty we owe to the profe sion and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist, to prescriber and patient alike." We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all classes."

CAUTION—None genuine without the words 'Dr J. Collis Browne or the Government Stamp. Overwhelming medical testimony accompanies each bottle.
