These were the theories for which wafts millions into the pockets of those who, had they remained in Europe, would have lived and died in poverty.

These were the theories for which General Osborne fought so bravely, and bled so freely in the darkest moment of the United States struggles. In so remarkable a land progress breeds misfortune, and misfortune begets wealth. We are all down in the Mitro Avellande Sarmients Ali gets wealth. We are all down in the mouth now about "curso forzoso," yet if Solon himself ruled the country, it could not be otherwise after such a period of rough and tumble progress, that every man for the last 5 years has had his coat off to keep up with the march of the land, and even then thousands and thousands have been left behind.
