NEW PROPERTY TAX.

Such a memorandum might do in a mil for five years, to pay for paving Avres, and it is melancholy to think tax for 5 years, but it may be for years year. its business.

The session now closed was, beyond Ayres was founded. question, the most important and most interesting in our legislative annals. Night after night, we listened to debates, worthy of the best period of our legislative annals. own House of Commons. In the great question of "curso forzoso" strict principle and public honor prevailed over precedents established by some of the foremost nations of Europe. There was a certain pluck and spirit and independance in all these great discovering the strategies of the contributary list of elected street paviers, since 6 per cent of their tickets will be checked off monthly by the independance in all these great discussions that it would be ungenerous will be checked off monthly by the Lord Mayor for the same hard but deto overlook, and on some of the most serving purpose. Thus in the year of difficult and abstruse questions it was really an agreeable surprise to note how well read up were many of the members who took conspicuous parts in the best paved city in the world, the public will have a perfect right to ask of Mr Alvear what has become of the money? The only question for the money? The only question for the

That the House may be charged with Lord Mayor now is what to pave the That the House may be charged with levity in its 'jubilees' and extravagance in its pensions, is for us a small fault. The mere vapid, political critic will seize on such miserable points, since he can grasp no higher, but to scan the session in a broad comprehensive way is a far grander and nobler duty. Ours be that task. Congressmen may retire to their home conscious that the thinking few who watched the that the thinking few who watched the afford something worthy of himself, his session are satisfied with its results; taxes, and his town—mahogany side satisfied, because it has proved that no walks, and marble-slabbed streets political influence in this country can out weigh public opinion; satisfied, because the very voting of the members on some of the most important topics showed that political friendship never overlight they pay through the nose, they at

We find the following in the New York

Commercial Bulletin of September 28th. It

met en Overraskelse til Jul og Nytaar med en will interest shipmasters:—

"Captain Smith, of the ship Servia, which has just arrived in Philadelphia from Montevideo, zeports that he was compelled to wait three months to have his cargo of 2,260 tons of coal discharged, the Captain of Port and the consignees of the coal regulating the days the consignees of the coal regulating the days den 24de ds, sednest og besörges beredvilligst of discharging. Through this delay the vessel af is \$1,000 out on expenses. Masters of vessels bound to the River Plate are cautioned against allowing their lay days to run at will,' We take the following from a London financial paper:—
"The liabilities of Messrs. W. Heath & Co. 242--Florida--244 are variously stated. The Standard's correbred Lincoln ewes this morning from the steamer Buffon. These sheep are selected from the flock which took the first prize at the late Lincoln April Fair and go direct to Don Nicorelease gold securities of the value of \$600,000, which had been hypothecated by Mr. Heath. Mr. Gould, in partnership with Mr. Morisini, is creditor for \$540,000 on a long-standing account; Mr. J T Low for \$450,000; and Mr. Cammack for \$60,000. The total liabilities are variously estimated at from two to five a man as Don Nicolas, whomive look upon other estancieros to follow the example of so wise a man as Don Nicolas, whom we look upon as one of the most enterprising estancieros in the Republic. This is the fourth lot of sheep, Mr. Hayward has brought to this country, and his judgment appears to satisfy the estancieros thoroughly.

are variously estimated at from two to nve million dollars. A similar uncertainty prevails about Mr. H N Smith's losses with Messrs. Heath; he is known to have been short upon 170,000 shares, at an average loss of \$10 on each share. Very little is said about the assets of either insolvent. The chief surprise is sets of either insolvent.

rs and  $47\frac{1}{2}$ - $\frac{5}{2}$ d.

The wool markets were crowded this mornspeedy settlement of the affairs of these insolvents." No losses were incurred on London ing and business ruled active. Prices are the same as last week, although gold has fallen a
