J. K. Theobald & Co Dysentery, Cholera Fever, Ague Importers and Exporters Coughs, Colds, &c. General Commission Merchants

Dr J. Cellis Browne's Chlorodyne Agricultural Machi-(Ex Army Medical Staff) IS THE ORIGINAL AND ONLY GENUINE OF ALL DESCRIPTIONS.

GAUTION-Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's—See Times, July 12th 1864.

The Public, therefore, are cautioned against using any other than Dr J. Collis Browne's Chlorodyne.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates health action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it all hours and simes when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensive. CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis,

CHLORODYNE effectually cheeks and arrests too often fatal diseases Diphtheria Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhoæ, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms. CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout Cancer Toothache, Meningites, &c.

From Symes & Co., Pharmaceutical Chemist, Medical Hall, Simla, Jan-

th 1880. To J. T. Davernport, Esq., 22, Great Russell Street, Bloomsbury London—"Dear Sir, we embrace this opportunity of congralulating you upon the wide-spread reputation this justly-esteemed medicine, DR COLLIS BROWNE'S CHLORODYNE has earned for itself, not only in Hindostan, but all over the East. GHLORÔDYNE ha earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad infinitum of the extraordinary efficacy of DR. COLLIS BROWNE S CHLORODYNE in Duarthoea, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urg e the necessity of adopting it in all classes."

CAUTION—None genuine without the words 'Dr J. Collis Browne or the Government Stamp. Overwhelming medical testimony accompanies each bottle.

The rise in gold and the break in cedulas continues, occasioning severe comment in every circle. Cedulas locked so shaky to-day that it was generally said that any fresh emission of a new series would bring ruin on the whole market. Series G seems marked for 80 before long, as the new cedulas are coming out very fast. It appears that Dr. Pacheco, Minister of Hacienda, is opposed to any further emission of cedulas in the market, and as the Mortgage Bank is an annex of the Provincial Bank, the National Subventor in the Provincial Bank has, it is said, a controlling power over the cedula issue; so long as the Pro-iocial Bank avails of the "curso forzoso" law. Of cour-e when the Provincial Bank resumes specie payments then the intervention ceases, and the National Government

also opposed to the issue of any new series of cedulas, and it was stated on Change this morning that the last issue of 15 millions National Dollars did not take loo days but only 60 days to close, and that if a new series is allowed it can be all placed in 30 days. To drown the market in cedulas is a most unhappy programme; everyone condemns the conduct of the Mortgage Bank board and the Provincial Government and it leads it. Provincial Government, and it looks as if a stop will be put to the further issue of this stock. Gold rules very firm, and, as the impression
