Dr. J. Collis Browne's CHLORODYNE. THE ORIGINAL AND ONLY GENUINE Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the

name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, CHLORODYNE acts like a charm in Diarrheea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms. CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5 1880. To J. T. Daveaport, Esq., 33, Great Russel Street, Bloomsbury, London Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy for general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne.s Chlorodyne in Diarrhoea and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative that have occurred under our personal observation during many years. In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faitfully yours, Symes and Co., Members of the Pharm. Society of Great Britain. This Excellency the Viceroy's Chemists. Caution.—Vice-Chancellor Sir W. Page Wood stated that Dr J. Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to,—See "The Times," July 13, 1864. Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming mer ical testimony accompanies each bottle.

It would be too tedious to continue an xhaustive analysis of the manifesto, and he may feel the chill of an unpopula he length of the document makes it wear some to the reader. In polemics as in nauy other things brevity is essential to arry a point, and in this regard the manifesto is at utter fault. Life in fact, during the present bitter struggle for existence, is oo short for the study of such ponderous iterature. Another consideration, and perhaps of no value in the eyes of many, is the modicum of respect that every citizen owes to the Chief Magistrate of his country: the opinion of the country and of the world as its main proportions are concerned, it is the personal character of the ruler, and we mainly economical.
