THE TRUE-FIT TRUSS Possess the following manifest advantages, and are highly recommended by all who use them:

They are totally imperceptible when on. They have no cumbrous fastenings, and retain their position in any posture.

They are very durable and will last for years. They may be used in the bath, being impervious to moisture, and are always clean.

RECENT TESTIMONIAL.

They are most comfortable and easy to wear.

Dr. J. Collis Browne's CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from neadache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis,

CHLORODYNE acts like a charm in Diarrhova, and is the only specific in Cholera and Dysentery. CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical 'Chemists, Medical Hall, Simla, January 5 1880. To J. T. Daveaport, Esq., 33, Great Russel Street, Bloomsbury, London! Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan; but all over the East. As dyne, has earned for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other orands, we are so sorry to say, are now relegated to the native bazaats, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne.s Chiorodyne in Diarrhoea and Dysentery, Spasms, Oramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative that have occurred under our personal observation during many years, In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faith-fully yours, Symes and Co., Members of the Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists.

Caution.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to See "The Times" July 13, 1864 to,-See "The Times," July 13, 1864. Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d, and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp.

First Ring...... 243.00 Second Ring..... 244,00 Friday, April 25th.

The President's telegram in the Nacion urned the gold market, and prices ran up to 248, which astonished the hall. This slight incident is sufficient to shew how critical is the position of the market. But for this it is probable, on the news of the sale of the Western Railway being concluded, we should have had gold down several points under yesterday's quotations Mr. Auderson, the manager of the Loudon and River Plate Bank, who represented the London syndicate which purchased the railway, was warmly congratulated by his numerous friends on his having so successfully concluded this all important business, perhaps the largest ever negotiated in

yesterday and the news at once sent to London. At the London and River Plate Bank there was a general levee. Respecting the much-talked-of Presidential telegram, it was said on 'Change that the President never sent any such message, and ta he Sefor Juarez was sent the telegram is connected with one of our theatres. Verily we live in lively times. At Will exhibit their famous Powder Dip for curing scab in one time this morning it was freely runoured in the hall that this celebrated telethe news subsided and thing, settled down and began to look brighter As soon as the bell rang, gold opened

this market. The papers were all signed

Lombrice Medicine, and other specialties in which estancieros with a bang at 245 for cash and 244 for end of mouth. Buyers filled the ring and napped up everything offered, so that in he course of a few minutes the rate had bounded up to 247; then came the first signs of wavering, which the bears turned the rates down point by point until they stood at 242.50, the lowest point reached, after which they stiffened again and closed at 243 for cash and to-marrow. The extement in the hall ran very high. Little urprise, however, was felt, as it was exected long before the ring opened that the infortunate Mendoza telegram would play avoc with everything; that matters did not grow worse was due to the sale of the Provincial Railway being at last officially confirmed, and to the cable announcing gold coming out to the National Bank; these would have undoubtedly played a nuch more important role ou 'Change but or the President's unfortunate telegraphic slip, and as it was, they successfully helped National Bank Shares fluctuated between 153 and 150, leaving off at the latter rate whilst Constructors dropped to 35 and

Catalinas to 38. Cedu'as kept firm, and the outside stocks nothing was done. A small lot of Credito Real charged hands at 60, which is a good price, and shews how the shares are appreciating The following is a summary of opera-

Dr. Garcia, who is president of the National Mortgage Bank, very clearly shews that his bank can in no way be included in the category of establishments that have made a misuse of their credit and contributed to the crisis n t' e contrer, as he shews, the National Mortgage Bank has been most ably and prudently managed, the proof thereof being that 76 op of the loans are for sums under ten thousand dollars and 85 ojo under twenty thousand, whilst the Cedulas are all quoted at exceptionally high rates when empared with their Provincial cousins. Dr. Garcia has been evidently hurt by Dr. Made by Mari-on McGregor & Co., Pellegrin's appreciations, but he can rest assured that both the market and Dr. Pellegrini's appreciations, but he can rest events generally understood in this light. 14,287 immigrants having arrived in that month. The most serious feature of all,

however, is reflected in the steady mouthly decrease, as not only do January, February and March of this year compare most unfavourably with same months of 1889, but they also shew a stesdy and accentuated decrease as compared with each other, Thus in Japuary the arrivals were 19,069. in February 15,527 and in March 14,287. The emigration, on the other hand, has increased just as steadily, and for the three months shews 13,046 decartures, leaving a meagre balance of 35,867 in favour of the
