THE DIPPING SEASON.

Under the above heading, the following appears in a part by Dr. Davila's letter published recent exchange:-

"Speaking of Dips thems: Ive", perhaps the most significant feature in their to opposite expectations. That the English bankers are most favourably disposed "Modern and Scientific preparations. As Tobacco gave place to the various "Fluids" and those again to the "Powders" so we find to day these latter retiring before the 'new Paste Dips. Of the many recent experiments we have witnessed in England and the Colonies, the most successful were with an Arsenical Paste, manufactured by "Tomlineon and Hayward of Lincoln a firm that has always been noted for keening." the Colonies, the most successful were with an Arsenical Paste, manufactured in the colonies and Hayward, of Lincoln, a firm that has always been noted for keeping not only than might have been expected here, where sourced by the crisis we see the colonies." The advantages of the Paste over the "Powders" are many:—

"The advantages of the Paste over the "Powders" are many:—

"It does not make the wool dry and harsh, but leaves it soft and silky, giving a healthy sweet smell to the sheep. Being, so to speak, already mixed, it is easier to prepare there, being no waste nor loose "Powders," to fly about.

"As it is prepared with Carbonic it is lighter than the "Powders" and does not so readily settle to the bottom, and for the same reason it is not injurious to the hands. It goes in less space and is a more concentrated form than the "Powders," thus effecting an economy in transport and labour. It costs less, and will mix with any king of water. In a word, it is the "Powders," cleared of their many inherent and complications. As to the conversion and defects, with their curative properties and good qualities preserved and increased. defects, with their curative properties and good qualities preserved and increased scheme, it seems doomed; telegrams a ceived from London announce that it

Fans from 1'50 to 20 min. shawls 8 min.

Embroidered tea cloths from 10 to 20 mm. Embroidered side-board

Wolseley Sheep Shearing Machine cloths. lablecovers from 6 to 50 mjn. Propiedad del Señor Don Tomas Bell, Perfumes at all prices. Black or coloured silk hose 5 and 10 mmn.

Silk and kid gloves. I have great pleasure in reporting favourably of your "Wolseley Sheep Shearing and 3 min. Machine." Up to date we have shorn upwards of 300 Lincoln Rams and Borregas, and Cotton and muslin dress find it quite up to our expectations. It is simple and easily handled, and in no way lengths 250 to 8 min. complicated or difficult to understand or work, and so far it has never been out of order. Tea cosies, feather pillows. It shears the sheep beautifully: it does them quicker and considerably better than it is linen handkerchiefs from ossible to get them done by hand, and saves the poor animal a great amount of abuse.

Dr. J. Collis Brownes CHLORODYNE. THE ORIGINAL AND ONLY GENUINE Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Holl, Simla, Januar 5 13°0. To J, T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the widespread reputation this justly esteemed medecine, Dr. J. Collis Browne's Chlorodyne, has extreed for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question wather a better is imported. a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the natiVe dazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. we could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Dollis Browne.s Chlorodyne in Diarrhoea and Dysentery, Sapasms, Crampas, Neuralgia, the Vomiting of Pregnancy, and as a general sedative that have occuraed under our personal observation during many years, In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitu-tion of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faith-fully yours, Symes and Co., Members of he Pharm, Society of Great Britain. His Excellency the Viceroy's Chemists

Caution,—Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant Freeman was deliberately untrue, which he regretted to say, had been sworn to,—See The Times," July 13, 1864.

Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle, Caution .- Beware of Piracy and Imitations, Sole Manufacturer-J T DAVENPORT, 33 Great Russell Street.
