THE DIPPING SEASON.

Under the above heading, the following appears in a recent exchange:-

"Speaking of Dips themselve", perhaps the most significant feature in their History is the way that the Old fashioned have been superseded by the more "Modern and Scientific preparations. As Tobacco gave place to the various "Fluids" arrangement to avert a strugglethat would be manifestly to the detriment of both, 'new Paste Dips. Of the many recent experiments we have witnessed in England and "the Colonies, the most successful were with an Arsenical Paste, manufactured by "Tomlinson and Hayward, of Lincoln, a firm that has always been noted for keeping "abreast of the times."

The advantages of the Paste over the "Powders" are many:-"It does not make the worl dry and harsh, but leaves it soft and silky, giving a healthy sweet smell to the sheep. Being, so to speak, already mixed, it is easier to prepare there, being no waste nor loose "Powders," to fly about. "As it is prepared with Carbonic it is lighter than the "Powders" and does not this being accepted the obnoxious twenty "so readily settle to the bottom, and for the same reason it is not injurious to the hands. It goes in less space and is a more concentrated form than the "Powders," thus effecting an economy in transport and labour. It costs less, and will mix with any kind of water. In a word, it is the "Powders," cleared of their many inherent in bonds that would probably not comdefects, with their curative properties and good qualities preserved and increased.

"Until the manufacturers nake some better discovery"

mand a very high quotation. It must be borne in mind that this is only a support

278 jan. 10 may 10 Wolseley Sheep Shearing Machine Company, limited.

Cabaña del Rincon, Propiedad del Señor Don Tomas Bell, Estacion Pereira, 18th Sept. 1890. Messrs, Agar Cross & Co.

I have great pleasure in reporting favourably of your "Wolseley Sheep Shearing Buenos Ayres, son of Gerald Fitz-Gerald, Machine." Up to date we have shorn upwards of 300 Lincoln Rams and Borregas, and On Sunday the general meeting of share- of Clonmel, Ireland, to Geraldine, third find it quite up to our expectations. It is simple and easily handled, and in no way complicated or difficult to understand or work, and so far it has never been out of order. It shears the sheep beautifully : it does them quicker and considerably better than it is possible to get them done by hand, and saves the poor animal a great amount of abuse.

I have timed our Amateur Shearer here, and find he can shear upwards of eight in the hour. Consequently, I consider the Wolseley Machine one of the best There will be Masses for the eternal re- patents I have yet seen, in proof of which I intend having some more put up at an

Dr. J. Collis Brownes CHLORODYNE. THE ORIGINAL AND ONLY GENUINE! Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings

of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer,

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Januar 5 1880. To J. T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medecine, Dr. J. Collis Browne's Chloro-dyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native dazaars, and, judging from their sale, we fancy their sojourn there will be but evanes ent. we coald multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Dollis Browne.s Chlorodyne in Diarrhoea and Dysentery, Sapasms, Crampas, Neuralgia, the Vomitng of Pregnancy, and as a general sedative that have occuraed under our personal observation during many years, In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faithfully yours, Symes and Co., Members of he Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists Caution,-Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant Freeman was deliberately untrue, which he regrétted to say, had been sworn to,-See The Times," July 13, 1864.

Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Caution .- Beware of Piracy and Imitations. Sole Manufacturer—J T DAVENPORT, 33 Great Russell Street.
