Tuesday, January 13th.

A remarkable change swept over the pirit of affairs to-day, and although at first bulls took the price of gold as high as 246, it was soon apparent that they longer had the market with them, which was confirmed by a tremendous collapse in rates later in the day. Thus at 11 a.m. gold stood hard at 343, twelve o'clock at 346 and at 1 p.m at 341 sellers, and thus but merely retained by the Minister as a weapon of defence against the banks, and so it happened that some of the private banks were reported to be selling free to-day. In other quarters it was said that good news had been received from London, but of what nature was not known or at least made public. However, the market has decidedly changed for the better, and anything was better than the unwholesome tinge of pessimism that it has worn dull and flat atithe first ring, rallied vigorously at the second, closing in good de-

lumber in the streets. As this regulation had not been made public, "peones" were "run in" yesterday at a brisk rate and had to pay the usual "multa" to get out. There should be fixed hours, the day or the morning say, for carting these long posts, as there will be a regular block up in building unless these posts are allowed to In exchange, brokers reported little or nothing doing to-day, owing to the great fluctuations in gold. There were, however, many drawers offering. The rate closed at

about 141d. It was rumoured to-day as news from ondon that the English Minister is about to make a formal protest against the taxes on the private banks. This shews how the wind blows and the light in which these atrocious taxes are looked on abroad. Messrs. Runciman and Co., representaives of the South American Land Company, have placed at the disposal of the Nanal Government several lots of land in the Pueblo Trenel for 'Juzgados,' Church, Schools, Hospital and Cemetery.

Another land case was decided to-day by the Commercial Judge. Last year Colonel Hilario Lagos sold to Mesers. Sicardi and Montero a property in this city known as the Testamentaria de Merlo nd containing 150,255 square yards, at the rate of 90 cents per square yard. the contract it was expressly stipulated that the buyer should accept the titleleeds as soon as the vendor should have them ready, and furthermore pay within the half-year the total value of the proerty. The Judge, however, after hearing oth sides, declared the contract rescinded, Colonel Lagos remaining with the bonus paid as deposit, and each side pay-

The article on Foreign Capital in to-

lay's Prensa was much talked off on

ng its own costs.

Advices from the produce markets report great briskness in wools and a keen emand for all special lots, which fetch from 10½ to 11½ mm per 10 kilos. A splendid lot from Mr. Miquelarena's estaucia in Ayacucho was sold yesterday in the Plaza Constitucion at the high price of 13.70 min per 10 kilos, which tops the market, the lambs' wool fetching 11 dollars. Mesers. Desplangues and Co. were the buyers. Great attention has been called to the tremendous shipments of gold from Rio to England, as, according to late exchanges

nearly £700,000 stg. was received by the Bank of England in little more than a week The Financial Committee of the Senate neld a meeting yesterday, at which Dr. Lopez was present, and in which it was greed to reduce the tax on the profits of the private banks from 10 ojo to 7 ojo as was originally proposed; also to raise the tax on alcohol from 6 to 10 cents per litre, and to put an additional tax on all im ported matches. A further meeting of the Committee was held to-day to give the last touches to the report, which will be submitted to the deliberation of the Chamber to-morrow.

No doubt the market will appreciate duly the action of the Committee in mitigatir the tax on the private banks' profits, b still the main point at issue and the point most severely criticised is that relating the tax on deposits, which, it seems, bas no been touched by the Committee, in spit of the universal condemnation it merited from the market at large. I said that in discussion this obnoxious t will be condemned by some of the Sen tors. It is to be hoped that this w prove true, and that, even if unsupporte the opponents of the tax will point ou clearly the great error of taxing the ear ings of the labouring classes at such a cr ical moment as the present. There was a large attendance of m

chants and brokers to day at Congress, d to a report that the loan would be und consideration. However, there was I sitting, and some parties talked about a other hitch in the loan. It is strange ho tediously this loan negotiation drags on, i spite of the everlasting report that is I done, "If it were done, when 'tis done"

It is curious to note what a number of brokers have retired from active service lately, and, when the many bathing in Montevideo and Mar

del Plata are added to the list, it is easy to

imagine what a deserted appearance the ring now wears.
According to a Montevideo colleague, the Fray Bentos saladero has purchased all the novillos from the Sociedad Pastoril camps, embracing from 10 to 12 thousand head. The price is kept in reserve. The lugger G Basavilbaso has loaded in Bahia Bianca 280 tons of salt for this market and will be followed immediately by the Toro and another lugger also bring-

One of the inducements to be offered is the right to a tramway concession for a stated period of years and the guarantee that the money which will be spent exclusively on the Boulevard, will be repayable at the fixed term of five years from the date when the Boulevard is pub licly opened to traffic, It is more than probable in the event of the loan being Cadiz, Cruzador and Prince Eugene from Moderate Prices, raised, however, that the corporation's Cardiff; Equateur from Bordeaux. creditors would make a push to secure a Apolo sails, percentage on their claims. Cabaña del Rincon, Propiedad del Señor Don Tomas Bell,

Estacion Pereira, 18th Sept. 1890. Messrs. Agar Cross & Co. Dear Sirs, I have great pleasure in reporting favourably of your "Wolseley Sheep Shearing

Machine." Up to date we have shorn upwards of 300 Lincoln Rams and Borregas, and find it quite up to our expectations. It is simple and easily handled, and in no way Tablecovers from 6 to 50 mm. nice clean Lincoln Cross-10000 kilos special at complicated or difficult to understand or work, and so far it has never been out of order. 11.50 by Gonzalez, 22000 do at 11.40 by It shears the sheep beautifully: it does them quicker and considerably better than it is possible to get them done by hand, and saves the poor animal a great amount of abuse. I have timed our Amateur Shearer here, and find he can shear upwards of

eight in the hour. Consequently, I consider the Wolseley Machine one of the best noticed that only in the case of cast and 970 by Ortiz, 4000 superior at 9.30 by patents I have yet seen, in proof of which I intend having some more put up at an and 3 min.

Yours very truly, WILLIAM RIDDICK.

Dr. J. Collis Brownes CHLORODYNE. THE ORIGINAL AND ONLY GENUINE Advice to Invalids.-If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitls. CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Januar 5 1880. To J. T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the widespread reputation this justly esteemed medecine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo, Indian home. The other brends, we are so sarry to say one pay rele Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native dazaars, and, judging from their sale, we fancy their so-journ there will be but evanescent, we could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Dollis Browne.s Chlorodyne in Diarrhoea and Dysentery, Sapasms, Crampas, Neuralgia, the Vomiting of Pregnancy, and as a general sedative that have occuraed under our personal observation during many years, In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are or opinion that the substitu-tion of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faith-fully yours, Symes and Co., Members of he Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists Caution,—Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant Freeman was deliberately untrue, which he registed to say, had been sworn to,—See The Times, July 13, 1864.
Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine

without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Caution .- Beware of Piracy and Imitations.
