> Dr. J. Collis Brownes THE ORIGINAL AND ONLY GENUINE

Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer, o cualquier otra clase de deposito desde el

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Januar 5 1880. To J. T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medecine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. we could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne.s Chlorodyne in Diarrhoea and Dysentery, Sapasms, Crampas, Neuralgia, the Vomitng of Pregnancy, and as a Dysentery, Sapasms, Crampas, Neuralgia, the Vomitng of Pregnancy, and as a general sedstive that have occurred under our personal observation during many years. In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faithfully yours, Symes and Co., Members of he Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists
Caution,—Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne,
was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant

Freeman was deliberately untrue, which he regretted to say, had been sworn to,—See The Times," July 13, 1864. Sold in bottles at 1s, 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.
