Under the above heading, the following appears in a recent exchange:-"Speaking of Dips themselves, perhaps the most significant feature in their History is the way that the Old fashioned have been superseded by the more Modern and Scientific preparations. As Tobacco gave place to the various "Fluids" 'and these again to the "Powders" so we find to dry these latter retiring before the out of the range of calculation, might he colonies, the most successful were with an Arsenical Paste, manufactured by Nothing of the kind, he

Tomlinson and Hayward, of Lincoln, a firm that has always been noted for keeping breast of the times."

"The advantages of the Paste over the "Powders" are many:—

"It does not make the worl dry and harsh, but leaves it soft and silky, giving a perhaps partly to the palpable hankering propare there, being no waste nor loose "Powders," to fly about.

"As it is prepared with Carbonic it is lighter than the "Powders" and does not in a radius of 4 points, opening in the palpable hankering the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the syndicate, which was again to the powders of the syndicate, which was again to the powders of the syndicate, which was again to the syndicat so readily settle to the bottom, and for the same reason it is not injurious to the so readily settle to the bottom, and for the same reason it is not injurious to the hands. It goes in less space and is a more concentrated form than the "Powders," thus effecting an economy in transport and labour. It costs less, and will mix with any kind of water. In a word, it is the "Powders," cleared of their many inherent defects, with their curative properties and good qualities preserved and increased. "Until the manufacturers make some better discovery

Saturday, February 21

Change, the movement of gold and st shewed little or no change, in spite of the rumours afloat. The latter compri-the suspension of the service on Foreign Debt, the issue of 100,000, paper and declaration of "curso foro Such grave rumours as these, characterize by those well informed as not altoget out of the range of calculation, might ha turvy. Nothing of the kind, how ever, occurred. Due to the operation of the syndicate, which was again to the in a radius of 4 points, opening in the morning at 354, falling to 350 and clos ing in the evening at 353 buyers. National Bank shares rose to 82 and remained firm whilst Cedulas P were at one moment a high as 49½, due to heavy purchases for London, eventually declining to close at 49. A semi-official evening colleague announces that the loan negotiations are still on and far from ing fire as was generally reported will soon be brought to a close on n satisfactory terms for this country. This

pension of the losn service and a fresh emission were discussed yesterday at a cabinet meeting. However, all this keeps the market throbbing with anxiety and suspense, and the sooner the situation is resolved the better. A telegram received from the Mount announces that Mr. Anderson comes up t ight in the ss. Saturno and will be ash o-morrow morning. He will be met by back to the Plate and eager to learn the precise object of his mission. Some exchange was reported passe Newspapers, Tramways. to day at 481d, 5.10 francs and 4121 marks, but the tendency is reporte weaker. Discounts are quoted at and a half to nine per cent for first-class

news does not tally with the sensational

It was reported to day that the French packet clearing to-morrow takes a lar consignment of Cedulas for the Lond market. The tollowing is a summary of opera-tions effected this afternoon during the first ring: National Bank Shares-750 at 83 82 400 at 83 82.50 February 28th

It seems that these slands are uninhabited, and the applicants expect that once they have started workthey will soon be centres of active in-Our Santa Fé correspondent informs u that owing to strong representations made by Mr. H. B. O'Meara, representing the Santa Fé Land Company, before the Provincial Government, San Cristobal, the chief centre of the land company

property, has been made a department with the town of San Cristobal as capital, Don Adolfo Jopson has been named "gel politico" and no better appointment could have been made by the Government, Don Adolfo is to-day the most popular man in the district. His services under the Government extend over nearly twenty years, and he has always distinguished nimself as a painstaking and upright official. Don Adolo is the son of an Englishman. All the town "esta de licitacion con motivo del nombramiento e Don Adolfo." Town lots are rising The meeting of sharcholders of the Constructor de Flores hold yesterday was marked by some stormy scenes between discontanted shareholders and the

some discontented shareholders and the Board which resulted in the former, who were in a minority, retiring from the room before the proceedings had come to a close. The board succeeded in getting their report approved, were voted a fixed remuneration in lieu of the percentage of the profits prescribed by the statutes, and were authorized to sell off the company's properties by private sale. It is used-

about to organize an opposition party, stronger than that headed by the board, with a view to having a further meeting called, the board dissolved and the per-

properties by private sale. It is need-less to say that on Change to-day the whole business was ibitterly criticised, and we understand some large holders are

Propiedad del Señor Don Tomas Bell, Estacion Pereira, 18th Sept. 1890. Messrs, Agar Cross & Co.

Anniversary Mass. The Anniversary Mass for the repose of the soul of the late Thomas & Maguire, of I have great pleasure in reporting favourably of your "Wolseley Sheep Shearing Machine." Up to date we have shorn upwards of 300 Lincoln Rams and Borregas, and find it quite up to our expectations. It is simple and easily handled, and in no way complicated or difficult to understand or work, and so far it has never been out of order. It shears the sheep beautifully it does them quicker and considerably better than it is possible to get them done by hand, and saves the poor animal a great amount of abuse.
