Wednesday, February 25th. The excitement over the loan business had somewhat abated to-day, and although there is no longer any doubt about it being market to discount everything, but brokers very shrewdly remarked that the loan service at all, which is not the case with the loan done. Now, the service on the nite signs of a change for the better. The interview of Dr. Salas, Gen. Campos and Colonel Dantas on behalf of the Union Civica with Governor Costa yesterday was much talked of on'Change to-day and interpreted as a new departure that may bring the various parties together and prevent the great tension in politics at present apprehended. It is the general impression that if the political situation can only be set straight everything will begin to shew immediate and radical signs of improvement. It is a good sign that the state of siege is no longer talked of and it seems

that by degrees matters will be forced back into the old groove. The following is a summary of opera-tions effected this afternoon during the first ring : -National Bank Shares-For casi: 1100 at 83.50-84.50 February 26th 100 at 84.50

It seems most probable that the Minister will propose a modification to gild the pill for the discontented holders in the shape of a proposal to make the new bonds exchangeable after a certain interval for Provincial Go vernment bonds, as well as making them tender for lands sold by the bank. The Committee of protesting holders have been requested to consider the modification with all due attention, and study the advisability of coming to terms on the new

basis proposed. Drs. Varela, Saenz Peña Sunday. 22 and Basan, of the Supreme Court, have declined to sit in the case, on the ground Tuesday 24 Cosmos The fourth ordinary general meeting of the River Plate and General Investment The'day 26 Saturno Trust Company, Limited, was held at Winchester House. Mr. Robert Ryrie presiSaturday28 Eolo ded over a rather small attendance of shareholders. In moving the adoption of the report, the chairman said that so far as the year had gone the earnings from investments were a little in excess of last year. They carried to the reserve fund last year £5246, and this year from the same sources they were able to place to that fund £6386, thus raising it to £11,633. The expenses were a little in excess of last year, as they paid the cost of the management of the wife of James Pettigrew, of a daughter. the company by a commission upon the amount invested, which at that time last year was only £443,000, as against £514,000 a the present time. All of them who were in the City knew the magnitude of the crisis they had passed through, and none of a daughter.

Pumps, Pulleys, Lea

the depreciation upon their investments only amounted to £39,000, which they considered to be very small. Deducting the amount at reserve from that, it was a loss of only a little over 5 ofo on the whole capital of the company. The detailed list of their investments could be seen at the company's office. In railways they had £170,000; in water and drainage £80,000; in industrial enterprises generally £132,000; in mortgage and mortgage company bonds and shares £62,000; in National Government bonds £8000; in Provincial Government bonds £13,000; and in municipal £21,000. These investments they would understand were not confined to the River Plate. The trustees thought it advisable that the investments of the company should be a little more general, and the proportions of River Plate securities to general securities were as threefifths to two-fifths. On looking over the past of River Plate securities generally, it was satisfactory for them to find their depreciation so small as compared with the average general depreciation. Since the 31st December of last year the average depreciation of River Plate securities came up to 23 per cent, while their depreciation, as he had told them, was, less the reserve fund, very little over 5 ofo. The chairman concluded by stating that the income derived from investments during the year Great Raffle of Chanar Camps benture holders, was the property of the shareholders alone. On the proposition of

Thornton, further dividends were declared at the rate of 2½ 010 on the preferred and 2½ 010 on the deferred stock, less incometax, making, with the interim dividend, 41 ojo and 5 ojo respectively for the year Messrs. A. Bullrich and Co. sold yesterday a square league of camp known as Santo Domingo, close to the town of Bragado, at the rate of 42 mgu per hectare, or gado, at the rate of 42 mu per hectare, or a total of 114,600 mu; buyer Sr. Andres Messrs. Funes and Lagos sold yesterday four leagues of camp, known as San Am brosio, near Rio IV., for the sum of 14,000 min jer league. The land was sold through the intervention of the National Bank and the Bank of Cordoba for a debt of 150,006 min in Cedulas C and D. Owing to the mall price the other lots on nine league were withdrawn. The buyer was Mr Jesus Porto. The live stock was sold as follows 6100 cattle to Sr. Gonzalez at 5.50 each 2000 sheep at 1.50 each to Sr. J. B. Garay; 560 horses at 5.80 each to same; 17 mules at 19 min each to Sr. Espinosa. Wolseley Sheep Shearing Machine Company, limited.

Cabaña del Rincon, Propiedad del Señor Don Tomas Bell. Estacion Pereira, 18th Sept. 1890. Messrs, Agar Cross & Co.

I have great pleasure in reporting favourably of your "Wolseley Sheep Shearing Machine." Up to date we have shorn upwards of 300 Lincoln Rams and Borregas, and find it quite up to our expectations. It is simple and easily handled, and in no way complicated or difficult to understand or work, and so far it has never been out of order. t shears the sheep beautifully it does them quicker and considerably better than it is possible to get them done by hand, and saves the poor animal a great amount of abuse.

I have timed our Amateur Shearer here, and find he can shear upwards of eight in the hour. Consequently, I consider the Wolseley Machine one of the best patents I have yet seen, in proof of which I intend having some more put up at an about 1 to BE LET—furnished or unfurnished—the house 24 Avenida Republica, containing dining room, two drawing rooms, library, five large and four small bed rooms, four servants rooms, kitchen, pantry, cellars, garden, stabling for four horses, two coachhouses; patents I have yet seen, in proof of which I intend having some more put up at an about 1 to BE LET—furnished or unfurnished—the house 24 Avenida Republica, containing dining room, two drawing rooms, library, five large and four small bed rooms, four servants rooms, kitchen, pantry, cellars, garden, stabling for four horses, two coachhouses; etc. Will be let for one year or for two and a half year—Apply on the Premises.

Dr. J. Collis Brownes THE ORIGINAL AND ONLY GENUINE!

Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitls,

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer,

Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simls, Januar 5
18°0. To J, T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London.
Dear Sir,—We embrace this opportunity of congratulating you upon the widespread reputation this justly esteemed medecine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. we could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne.s Chlorodyne in Diarrhoea and Dysentery, Sapasms, Grampas, Neuralgia, the Vomiting of Pregnancy, and as a general sociative that have occurred under our personal observation during many years, In Choleraic Diarrhoea, and éven in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we

owe to the profession and the public, as we are of opinion that the substitu-tion of any other than Collis Browne's is a deliberate Brewer Sir faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faithfully yours, Symes and Co., Members of he Pharm, Society of Great Britain. His Excellency the Viceroy's Chemists
Caution,—Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant Freeman was deliberately untrue, which he regretted to say, had been sworn to,—See The Times," July 13, 1864.

Sold in bottles at 1s. 1 1/2d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Caution .- Beware of Piracy and Imitations,
