Thursday, March 19th. To-day's business on 'Change was mar-ted by a decided reaction in affairs, so narked that even the most optimistic were impelled to confess that the enthusiasm which produced the late fall in gold was a mere stone thrown on the water forming a momentary ripple that soon dies away and leaves the surface as impenetrable as before. The wave of speculation and enthusiasm had taken gold as low as 332, but without a pause. Stocks naturally weakened, and there was a palpably sinking feeling in the stock ring, where the last hopes of a rally are giving way. National Bank shares tottered to 85, Catalinas to 12.60, Constructors to 9.80 and Cedulas P 3rd January, 1891. to 44.90, and only some Spanish Bank shares sold at 92 shewed any firmness. Villafañe and Co. for a project of canal making the circuit of the city, with the addition of a port or harbour at the Arroyo Medrano. The engineers find the plans deficient in many parts, and particularly as regards the estimates, and they advise the Government to give the promoters a year within which they must present more complete plans with full specifications and estimates.

Business was brisk at the second hour and as gold shewed a slight relaxing tendency stocks rallied somewhat, principally Cedulas. National Bank shares closed with buyers at 75, Catalinas at 13, Constructors 9.90 and Cedulas P at 45 20. M and N, however, remained weak at 39 and 38.80 respectively. In gold there was much animation and the rate rose gradually to 431 when it was rumoured that some brokers with official connection were buying heavily which so cleared the market of sellers that at one moment gold was not to be had at 445. Dr. J. Collis Brownes LORODYNE. THE ORIGINAL AND ONLY GENUINE
Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media and regulate the circulating

systems of the body, you will provide yourself with that marvellous remedy discovered by D. J. Collis Brown, (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cho-CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpi-

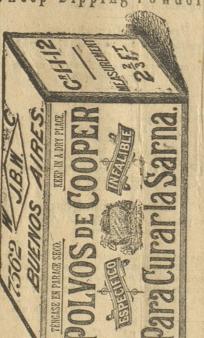

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Cout, Cancer, Toothache, Meningitis, &c. From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Januar 5 1880. To J, T. Davenprt, Esq., 33, Great Russel Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the widespread reputation this justly est med medecine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan; but all over the East. As a remedy for general utility, we must question wether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are so serve to say are now rele-Anglo-Indian home. The other brands, we are so sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent we could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browness Chlorodyne in Diarrhoea and Dysentery, Sapasms, Crampas, Neuralgia, the Vomitng of Pregnancy, and as a general sedative that have occurred under our personal observation during general secative that have occurred under our personal observation during many years. In Choleraic Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's from a firm Conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate Breach of Faith on tion of any other than Collis Browne's is a deliberate Breach of Faith on the part of the Chemist to prescribe and Patient alike. We are, Sir, faithfully yours, Symes and Co., Members of he Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists Caution,—Vice-Chancellor Sir W. Page Wood stated that Dr J Collis Browne, was, undoubtedly, the Inventor of Chlorodine; that the story of the defedant Freeman was deliberately untrue, which he regretted to say, had been sworn to,—See The Times," July 13, 1864.

Sold in bottles at 1s. 1 1/2d., 2s.9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

This clock serves to test employees in warehouses, hospitals, parks, prisons, and in general for watching over every kind of undertaking, such as rail ays, factories, workshops, etc., also for villages, towns and cities and for police and custon house service, Not only is it a exact timekeeper but at the same time shows clearly at a glance the special watching service on which it is used. It shows on a slip of paper the hour and minute at which it started, how much time has been employed from one point to another, and in what direction the rounds have been made. As this clock cannot get out of order, it is an infallible inspector which cannot be in-

fluenced by anybody or anything, and also contributes to avoid conflagrations and other losses, and to prevent robberies, frauds and crimes, Sole Agents for the Argentine Republic,
