anking capital, say 200,000 shares, reresenting a nominal amount of \$20,000-000: hereby the capital of the Bank would be reduced to \$30,000,000. The ommittee, furthermore, asked the Goernment to carry out the law of Congress which provides for the withdrawal of the Bank's paper issue, to the amount of 43,000,000; it is understood that the Government does this on its own account, the ithdrawal being viewed in the light of a ift to the Bank, as determined by the wof Congress. Last, not least, the comttee expect the Government to give a edge that for a term of three years

It is highly probable that the National Government will regard this proposal of the shareholders as a rather one-sided settlement. The maize crop is not included in the above, and may be set down at 21 millions, as 80% ocusts. With regard to business it is arribly flat; the treasury bonds are IIIPOPULAR SUITS AT POPULAR PRICES!!! oted at nearly 70% discount, and the

Mr. Sebastian Pintos, who purchased com Messrs, Wormons and Bate the tent for a system of tanning by elecity, as well as a concession granted the National Government, has applied the latter for a stay of a year in the of the concession, due to the fact at the machinery ordered in Europe is not yet come to hand. The Public Vorks advise the Government to ac ede to the request, adducing as a reason the beneficial nature of the enterise for the country. The sale is reported of 1000 novillos from Pergamino at the rate of 20 dollars per head, seller Mr. J. M. Bombal and buyer Mr. M. Fernandez 'saladerista.'

With regard to the purchase of the «EI Central» and «La Carlota» estancias which we announced a tew days ago, we were mistaken in giving the name of the buyer as Mr. J. A. The action arose out of the sale by the defendant to plaintiff of 5 leagues of camp in Santa Fe in the district known as Laguna del Pedernal, for 8,000 pesos fuertes per league, but which were not delivered in the term pre- Sunday scribed. The purchaser, meantime, put a large number of animals on the camp and effected various improve its, all of which were lost through the Santa Fé Government ordering pos session to be given to the Armstron heirs.
