Chascomus, March 23rd 1891. Dear Sirs—
"I have tried HAYWARD'S ". ASTE" DIP on my Sheep, and have pleasure in bearing testimony to 118 EFFICAC: A. A DIP. I need have no hesitation in recommending it generally as a Cure for Scab, without discolouring or damaging the Wool. The "AS. E" is in my opinion preferable to the Powder, and will probably have a trger sale than the latter." Yours very truly JOHN KELLIE.

It has been proved by many important Estancieros that HAYWARD'S PASTE is more convenient to use than any other Dip, being already mixed and dissolving in any kind of water. It makes a smooth soapy bath which adheres well to the Fleece and leaves the wool clean and soft. AGENTS-MOORE & TUDOR. BUENOS AYRES. ROSARIO,

YARROW'S SHALLOW DRAFT STEAMERS.

ERNWHEEL STEAMERS have been found by experience to be the best type of vessel for shallow river navigation, and of these Messrs. Yangow have constructed a large number of successful examples for all parts of the world.

Vessels on this system are constructed, when required, to draw as little as 6 mehes.

Messrs. Yangow lately built the sternwheelers "Mosquito" and "Herald" for the British Government, for service on the Zambesi.

They were constructed in floatable sections (capable of shipment), which were simply bolted together, avoiding thereby the costly and difficult process of rivetting up and launching.
