ON 'CHANGE.

Saturday, Aug. 20th 1892. The conflict between Congress and he National Government caused a lutter in speculative circles and gold rose rapidly this morning. Twelve thousand ounces changed hands at the arst ring; the price opened at \$53.80 and closed at \$54, say 231.79% premium. wo hundred sovereigns were sold at \$16.70, say 231.34% premium. The market closed very hard.
Patriotic Bonds fell to 71.80 cash and to 72.50 for end of September. A few In ternal bonds changed hands at 68; the price for the end of the month was nominal at 67.80. Obligaciones of the Banco Constructor fell to 1.50 after rising to 1.70. Municipal Consols were weak at 60.10. Catalinas fell to 10.60. La Plata Cedulas were slightly firmer. Exchange circles ruled dull at nominal rates this morning; the French packet does not leave till the 24th. Disounts continue very easy. The following is a summary of the business effected in stocks and shares at the first ring to-day:-

P 65,000 at 28.80-70-80-90 A new English firm is announced under the style of The English Manu-facturer's Export Company, registered here as La Compañia de Fabricantes Ingleses, Limitada. This important new

company, composed of some of the largest English engineering manufacturing firms, has acquired the wellknown business of Messrs. S. York and Co., with offices and depot in the corner of Calles Balcarce and Moreno. An idea of the magnitude of the new company may be gathered from a perusal of the following names which figure as active partners in the firm:— Messrs. Robey and Co. Lin-Davey, Paxman and Co Brown and May, De-Plackstone and Co., Stamford..... 1,000 Th. Robinson and Sons,

W. B. Haigh and Co., Charles Burrell and Sons, Thetford...... 2,000 T. W. Hand, Sheffield 1,000 J. & W. Barlow, Rochdale..... Kitching Bros & Co., Leeds..... J.Cowley,& Sons,Man-naking up a capital of \$50,000. The mportance of this undertaking will be

derstood when it is known that these

mbined firms employ no less than

2,000 men and that the amount they pay

ut weekly in wages is upwards of 17.000 sterling, and their output of new

achinery will exceed £2,000,000 sterng per annum. The business of lessrs Samuel York and Company, which this Company is now taking over, has been established upwards of 40 years, and their connection has extended ver the Argentine Republic, Chile, Peru, Bolivia and Uruguay, and other parts of the world; the name of Messrs York and Company will be found upon all kinds of machinery, and wherever so found has reflected credit upon the ndors, as they have always in selling a really good article The representative and manager of this great company in this market is Mr. Arthur George Pruden, of the well-known firm of Messra Blackstone & Co., and who thanks to his business abilities has conducted the affairs in con-nection with his company with such tact that in the short time of four months the acquisition of Messrs. York & Co. has become a fact. With the starting of this large firm in this market it may be interesting to call street. nteresting to call attention to their pre mises in the Calle Balcarce, corner of Calle Moreno, a magnificent property of 70 x 50 metres belonging to Dr. Hanly. The old premises have been repaired and the huge place now looks brand-new. The sheds and deposits contain a vast array of machinery and we understand hat much more will be exhibited now hat the new firm is launched. Mr. R. York, of this city, continues to figure in the Company, We think that the firm is the most important of the kind in South America and its ffairs are in the very best hands. Combosed of manufacturers famous all over he world for their machines, the

ompany should be able to compete with dvantage with all other importers. The Judge has rescinded the order of ailure against the firm of Emilio Fulle and Company at the request of the creditors, a satisfactory arrangement havg been come to. The failure of the rm, when it occurred some time ago stonished the market; they are the wners of the great Almacen Naval in Calle 25 de Mayo which formerly beonged to the well-known firm of Corti nd Riva, and we believe in by-gone ears the business belonged to the rich rm of Corti and Francischelli The Judge has fixed for the 31st inst. ne meeting of creditors of Messrs Riera nd Company to prove their claims. Messrs Ackerly and Company have von their lawsuit against the Custom House, which is a very important mater for the firm in question, as the colctor of customs condemned the firm for

a very large amount on the charge of smuggling, which charge the firm has completely disproved and the Judge has ecided the case in favour of the firm nd against the Custom House. We congratulate Mr. Ackerly on the result; his house is doing a very large business in Calle Maipu alongside of our office.
