Colonial Subsidies

B. Aires, May 20th As it is expedient that the agricultural experiments ordered in Art. 8 of the Decre creating the Santa Cruz Colony should com-mence simultaneously with the other labours of the settlers, so that they may conveniently fulfil the obligations imposed on them; and considering, that until the transport of cattle can be regularly organized, those settlers who have not received their flocks are entitled to a subsidy. The President of the Republic.

DECREES Art. 1. In addition to the advances referred to in Art. 2 of the decree of 11th January last each head of a family in the Santa Cruz Co lony shall receive, on the same conditions or repayment, the following implements: 1 ploug 1 harrow, 2 spades, 2 hoes, 1 pick, 1 axe, shears and 4 cow hides.

Art. 2. The first 7 families shall receive as subsidy, until they receive all the stock promised them, 90 rations, all at once, each to consist of 1 lb of peas, ½ lb greate, ½ lb coffee, ½ lb sugar, ¼ lb tobacco.

Art. 3. Let this be communicated etc.

3d Class Tickets will be gi to here at 32 patacons, gold.

The ticket for the small ther with the passage ticket.

Dysentery, Cholera, Fever, Ague, Coughs, Colds, &c.

Dr. J. COLLIS BROWNES (Ex Army Medical Staff) CHLORODYNE

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See Times, July 12th 1864.

The Public, therefore, are cautioned against using any other than Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION. This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

OHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

chitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases— Diptheria, Fever, Croup, Ague.
CHLORODYNE acts like a charm in Diarrhoea, and is the only specific Cholera and Dysentery. CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpita-CHLORODYNE is the only palhative in Neuralgia, Rheumatism, Gout, Cancer,
Toothache, Meningitis, &c.

Extracts from Medical Opinions.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne. See Lancet, Dec. 31st, 1864.

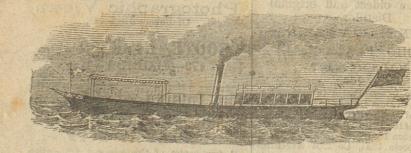

From A. Montgomery, Esq. late Inspector of Hospitals, Bombay. 'Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed. Dr. Lowe, Medical Missionary in India, reports (December 1865) that in nearly every case of Cholera in which Dr. J. Collin Browne's Chlorodyne was adminis-

tered, the patient recovered. Extract from the General Board of Health, London, as to its efficacy in Cholera. 'So strongly are we convinced of the immense value of this remely, that we cannot too forcibly urge the necessity of adopting it in all cases. See leading article, *Pharmaceutical Journal*, August 1st, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne, that it is always right to use his preparation when Chlorodyne is ordered. CAUTION. None genuine without the words 'Dr. J. Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Copy of Analysis by Professor Kyle.

National College, Buenos Ayres, November 29th 1879. Messrs. M. Forrester & Co., Buenos Ayres. Gentlemen—I haveat your request made a careful examination of he sample of JEYES'S SHEEP DIP you handed to me on the 18th inst. I find it to be a well made preparation of Phenols and other Tar products, combined with soap, retaining the liquid form and easily mixible with water, from which it does not

The proportion of active ingredients amounts to rather over 80 per cent. it is free from Mineral Poisons and from Clustic Alkalies. In my opinion it is well worth the attention of Sheepfarmers, and will be found by them to be convenient, safe, and I do not doubt, very efficacious as a sheep Dip. From the readiness with which the preparation can be mixed with cold water it ought to prove most acceptable as a demestic disinfectant being with the cold water it ought to prove most acceptable as a domestic disinfectant, being more convenient than crude Carbolic Acid or the disinfectant powders so frequently employed. I am, Gentlemen, your obedient servant, JOHN J. J. KYLE, Professor of Chemistry.

Extracts from Testimonials From Mr. Alex. Stewart, Bailiff to H. D. Pochin, Esq. Rodnent Hall. Wales_ "The Sheep Dip is the best that I have ever used. I have not seen a single Maggot on any of the Sheep since we used it. The wool looks beautiful, and to all appearance improved in quality. I feel satisfied it will be an invaluable preciated."
