THE BATTLE OF THE RIACHUELO

FUNERAL ORSEQUIES FOR THE BRAZILIANS GAGEMENT.

Yesterday the grand funeral ceremony, in honor of the Brazilians who fell at the Riachuelo, nobly fighting for their country's cause, took place at the Cathedral, in presence of one of the greatest and most select congregati ions ever assembled in that Temple.

At 11 o'clock a brigade of the 7th of the line was drawn up in Calle San Martin, facing the Cathedral. At an The company commenced operations at early hour the church was crowded, the yerba-field of Santa Maria, near and about half past 11 the leading men the frontier of Paraguay, and having of Buenos Ayres, the Brazilian and Argentine Officers in town, walked up the centre aisle and took their seats; the grand altar was lighted up with customary magnificence and beautifully draped in mourning, the chandeliers were also draped in crape, and the choir gallery over the entrance had a large months increased six fold, the compa-Brazilian flag suspended, at the foot of which was in large prominent letters

Specie was not so weak to-day as yesterday wing to the news from the Uruguay and the nor crival of gold from Montevideo. The payment of the coupons by the Argentine Government has ased the market a little, and speaks well for the Government. Brokers' say that the Governmen has since the commencement of the war given bills for over fifty millions currency, and the remittance by the packet is anxiously looked for, there seems to be no doubt about its arrival as the Brazilian minister we understand has drawn bills on the Treasury in Rio for the amount.

The Custom-house viduation is still the subject of much comment, and English merchants complain the Government has treated them unfairly, of Salta and Brazil. We hope to see the Minister take the matter up and do what is right. Exchange looks up, owing to the multitude of drawers. It was said on Change that an English house is about to import a very heavy amount of anecie, as interest is so much lower there than here. A quasi inceting was matter seemed to command out slight importance. National Bonds look firm, and sell at current

BUENOS AYRES.

Tha similable advantages of Accounts Current ere now so generally felt and appreciated in the two great emportume of the River Plate. Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Moud and Co. in Muntevideo has already provided for the working classes the thirt city a sofe and profitable depositary for their awaings.

The sums deposited in that most important institution are daily increasing, and already reach a very lerge amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servonts of all classes and conditions, who are equally interested in putting their sowing out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in a literies, and other frivolities.

The Bank of Maud and Co. of this city, following the noble example of their fem in Montevideo, now offer the same facilities in this city, and will open a Savinge Bank at No. 103 Calle Cangallo, from Nine am till Three, m on Week Days, and on Sundays and Holidays from Teno. In the Trelec m, for the reception of the savings of the claises already mantioned.

The Bank will deliver to each deposited a pass book, in which will be entered the amount deposited and withdraion.

The depositor to permitted at any time to withdrays the value or part of the commenced.

The Back will deliver to each depositor of pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interest will be calculated up to date.

The Bunk of Maun and Co. is sufficiently known to the Public by the benafit derived from the asurse of its operations, which are regulated on the strictest and soundest principles, and slowing directed to promote the general welfare.

The wank of Maun and Co. ore also persuaded that this new branch of their business will render immense service to the working clusters of Buenos Ayres and its neighbourhood.
