EL COLEGIO DE SAN PATRICIO,

EL COLEGIO DE SAN PATRICIO,

I beg leave to announce to the public that the College above mentioned has been removed from San José de Flores, and is now formally installed in the house recently occupied by the English Consul, situated on the barranca between the quintas of Sr. Klappenback and General Paunero, near the Church of the Recoleta, about 6 squares from the Parque station, via Calle Libertad. The attention of parents is particularly dieceted to the healthful and pictures que situation of this establishment which from its elevated position amidst a grove of ancient olive trees on the banks of the River Plate commands in every direction views of varied and enchanting scenery. On inspection I am sure it will be admitted that the Recreation Grounds—Study Halls—Dormitories, &c. stand unrivalled. Though the College is at a little distance from the noise and bustle of the city, yet its comparative proximity to it will, I am happy to say, afford facilities for the general management of a Colleginte institution which in a more remote locality could not be commanded. magement of a Collegence measurement of a Collegence more remote locality could not be commanded.

THE WAR IN THE BORTH. RETURN OF SR. OCTAVIANO.

SEVER DAYS' FIGHTING AT ITAPIRU.

DIRACTER TO THE TRON-CLAD TAMANDARE.

The steamer Cisne, conveying the Brazilian Minister, Octaviano, arrived on Sunday night with important news from the Paso la Patria to the 28th ult. (Wednesday). We have no letter from Sinbad, but the ' Pueblo' supplement gives the following particulars, which are of a confused and unpleasant

On the 20th ult. the Brazilian fleet proceeded up the river from Paso Santana towards Itapirú, the 1st and 3rd divisions drawing up in front of the enemy's fort, having left the 2nd enemy, with rowers, came down the humor with themselves and every one division to blockade the mouth of the right bank of the river, carrying one else. Paraguay River. It was deemed necessary, in the first instance, to recon noitre the canals about Itapiru, and while Viscount Tamandaré, in the flagship Apa, took up his position within the commander of the flatboat was range of the fort, he despatched, on the 21st, the iron-clad of his name and the Barroso had to deplore the loss of her steamers Araguary and Martins on this 1st Lieutenant and some men killed acceptable during the intolerable heat perilous business. The Paraguayans and wounded received these vessels with a heavy cannonade as they passed the fort, without replying to the challenge, and is resolved that the army must cross at the intruders got up without injury Paso la Patria. Lopez has all his some four leagues above the fort, when army here assembled, and the fight the Araguary ran aground.
