NOTICE TO THE PUBLIC.

My fears and suspicions, as mentioned in the 2nd edition of my Prospectus of Esperidina, have been realized.

Several imitations of Esperidina have appeared in this city and Montevideo, manufactured by liquor-vendors, and it is sufficient to taste those beverages to judge of the difference between my bottles and this spurious Esperidina.

The mixture of the spurious 'Esperidina' is made after this manner: aguardiente, sugar, essence of lemon, and some other ingredients.

Fortunately, I am not afraid that people will be more than once deceived by such spurious imitations, for only the best articles are imitated.

All bottles must have labels like the above heading with my name and signature at foot.

2nd. They must be sold at some of the respectable Esperidina agencies, as mentioned in the 2nd edition of the city journals.

3rd. The price cannot be under \$300 per dozen, or \$30 a bottle, as anything cheaper must be a spurious imitation.

4th. The genuine article has never been sold, and never will be sold, at the auction-mart.
