THE NEW TAX BILL.

Since our colleague, the Nacional, has thought proper to defend the Government project for taxing trade and business, we find it our incumbent duty to again trouble our readers with this subject. Indeed, we must say that we are surprised that a paper like the Nacional, destitute of Ministerial and Diplomatic connections, should be found so ready a champion for so monstrous a taxation.

the tombstone over the blighted promises and withered hopes of our four months administration. There is not a man in Buenos Ayres who would not willingly put his hand in his pocket and subscribe as liberally as his means would afford, to support a free and enlightened Government, but there is not a man in Buenos Ayres of the smallest spark of intelligence who does not condemn the present effort to writing the last farthing from the impoverished mechanic, struggling shopkeeper, and embarrassed trader.

Montevideo. THE WRECK OF THE CAPRICE. CITY PARK AT UNION. Thursday, Sept. 20th. 'Quot homines, tot sententiae' may be said about the rumors of peace with Paraguay, which everyone interprets to his fancy, but all parties are most anxious for peace, without caring to ask about the terms or other insignificant details.

SEVEN DAYS LATER FROM EUROPE. ARRIVAL OF THE ZETA. PEACE IN EUROPE CONFIRMED. We extract the following from a small supplement issued yesterday by the Tribune: A few moments before the Tevere left Montevideo, the English steamer Zeta arrived from Swansea, with dates to the 16th ult., and the captain very gallantly presented our correspondent with the latest papers.
